

# Reading the Placement Record in the *DartWorks Degree Audit*

## Quick Reference Guide: Prematriculation Credits on Entrance

[http://www.dartmouth.edu/~reg/docs/qrg\\_placement.pdf](http://www.dartmouth.edu/~reg/docs/qrg_placement.pdf)

The Prematriculation Credits and Exemptions portion of the *DartWorks Degree Audit* record appears as the first block of course information on an entering student's record. It displays all the types of credit on entrance that apply to a student's record. No prematriculation credit on entrance reduces the credits required for graduation, but may serve as prerequisites for higher-level courses.

### Prematriculation Credits and Exemptions

Credit on Entrance: The grade of CR indicates that the student may take a higher-level course for which the MATH 003 is a prerequisite. No course credit is granted for a CR.

A grade of SU indicates that a credit/exemption/placement has been SUPERSEDED by another one of higher value. So a score for SPAN 003 (likely a placement) granted because of High School language study has been superseded by the AP test score.

#### Credit on entrance grade code definitions:

- CR Credit on entrance; carries no course credit, and does not count towards graduation requirements. Serves as a prerequisite for higher-level courses.
- EX Exemption; carries no course credit, and serves as a prerequisite for higher-level courses
- PLC Placement; a grade of PLC indicates that this is the course(s) a department/program suggests a student may take.
- SU Superseded; indicates a credit/exemption where another test score grants the student more credit on entrance or placement.

The student is Exempt from SPAN 003, and may take higher-level courses for which SPAN 003 is a prerequisite.

Please note: all test scores recorded are processed nightly, so a score received or entered one day will not appear in the DartWorks Degree Audit until the following day.
