Quick Reference Guide: Prematriculation Credits on Entrance

<http://www.dartmouth.edu/~reg/guides/credits/index.html>

The Prematriculation Credits and Exemptions portion of the *DartWorks* Degree Audit record appears as the first block of course information on an entering student's record. It displays all the types of credit on entrance that apply to a student's record. No prematriculation credit on entrance reduces the credits required for graduation, but may serve as prerequisites for higher

Credit on Entrance: The grade of CR indicates that the student may take a higher-level course for which the ECON 001 is a prerequisite. No course credit is granted for a CR.

The student is Exempt from FREN 003, and may take higher-level courses for which FREN 003 is a prerequisite.

Credit on entrance grade code definitions:

CR	Credit on entrance; carries no course credit, and does not count towards graduation requirements. Serves as a prerequisite for higher-level courses.
EX	Exemption; carries no course credit, and serves as a prerequisite for higher-level courses
PLC	Placement; a grade of PLC indicates that this is the course(s) a department/program suggests a student may take.
SU	Superseded; indicates a credit/exemption that where another test score grants the student more credit on entrance or placement.

PLACEMENT: The student receives credit for MATH 003 and 008, and is PLACED into MATH 011. Placement is a suggestion to take this course.

A grade of SU indicates that a credit/exemption/placeholder has been SUPERSEDED by another one of higher value. So a score for FREN 002 (likely a placement) granted because of High School language study has been superseded by

Please note: all test scores recorded are processed nightly, so a score received or entered one day will not appear in DartWorks until the following day.
