We are proud of our Greek letter organizations for the contributions they make to Dartmouth and the surrounding communities. Last year, the community donated more than $300,000 to philanthropic causes. Academics are also important with the Greek grade point average higher than the unaffiliated student average.

The College supports its recognized chapters by offering programmatic and administrative assistance, physical plant and housing support, financial training and auditing, leadership and academic development as well as individual organization advising.

Currently, there are 30 different organizations on campus: 10 sororities, 16 fraternities and 3 gender inclusive fraternities. The majority of chapters operate from residential facilities (either a free-standing house or a college apartment)

Philanthropy:
The Greek community raised over $300,000 this year, including:

| o Greek fundraising through P.A.A.R. (Philanthropy All American Rush) raised $97,846.04 during the Fall 2013 term for the Children’s Hospital at Dartmouth (CHaD) |
| o Greeks raised $108,885.66 for the Prouty in Summer 2014 |
The Greek Leadership Council (GLC):
The governance of the Greek Community includes five sub-c Councils, all meeting under the Greek Leadership Council umbrella. (Coed Council, IFC, Panhellenic Council, NALFO and NPHC)
The GLC’s primary goal is to see both its member organizations and the entire Greek community survive and thrive, and to proactively address or prevent situations which may endanger that success.

During 2012-2013, the Greek Leadership Council created two new policies:

- **Greek First Year Safety and Risk Reduction Policy**
  - No Greek organization may allow first years to attend events sponsored by that Greek organization at which alcohol is served
  - Furthermore, during this time freshmen are only allowed in the physical plants of Greek organizations at GLC-approved substance-free programs and events

- **Greek Leadership Council Sexual Misconduct Policy**
  - Members of Greek organizations must attend a minimum of two (2) sexual assault education sessions throughout their time at Dartmouth.
  - The President and a designee from each chapter, ideally someone with prior experience with or interest in sexual misconduct prevention must attend one education session during their time in office.
  - All current and future Greek members are required to sign a contract to permit the release of their judicial history to GLOS.

Recent training programs:
- 940 students attended the GLOS Pre-Recruitment Education Programs on hazing in 2013-2014
- Alcohol management training focuses on student safety and liability to foster healthy social and living spaces
  - 70 Greek students were TiPS trained in 2012-2013 (Training for Intervention ProcedureS)
  - 885 Greek students were SEMP trained in 2012-2013 (Social Event Management Procedures)

Dues:
Each chapter collects dues from every member. Some organizations, particularly national organizations, also have an initiation fee, plus national dues. Some chapters may also charge parlor fees. During recruitment, each student should ask about specific chapter dues. Dues range from $100 to over $600 per term. Chapters may also charge social dues separately. Each individual chapter treasurer can explain how their dues system works.

Rent:
Rent in college-owned Greek houses is the same as current residence hall fees. Rent in college-owned Greek apartments is the same as non-Greek residence hall apartments on campus. Privately-owned Greek house rent must be at least 85% of the current college residence hall fees, private houses may charge more if they wish to. There may also be extra fees for cable TV, single rooms, parking etc. as in any rental housing arrangement. Please discuss all fees and charges with the chapter treasurer or alumni/ae advisor.

Financial Aid:
Students who receive financial aid are asked to meet with their Financial Aid Counselor to review their individual situation and options. Financial aid cannot be applied to any dues payments.

Undergraduate and Senior Societies:
- 2 Undergraduate societies, Amarna and Panarchy (both coed)
- 13 Senior Societies (secret). Six are coed, five are female and two are male societies. Some are residential, most are not.
Honor Societies:
- Gamma Sigma Alpha National Academic Greek Honor Society was founded at Dartmouth College in 2012 with 106 members in the first class
- The Dartmouth College Lambda Rho chapter of the Order of Omega (a national leadership honor society for members of Greek organizations) was founded in 1991

April 2013. Class of 2014 students are initiated into the Lambda Rho Chapter of the Order of Omega
