Disability-Related Services Request Form
For First-Year and Entering Transfer Students

The Student Accessibility Services (SAS) department welcomes you to Dartmouth College! SAS works with students, academic departments, faculty, and staff to ensure that the programs and activities of Dartmouth College are accessible and that students with disabilities receive appropriate academic adjustments, program modifications, and auxiliary services to support curricular and co-curricular pursuits. Services are individually determined and meet or exceed federal guidelines and Dartmouth College policies. For more information, see our website at http://www.dartmouth.edu/~accessibility.

If you believe that you may benefit from disability-related services at Dartmouth, please submit this form as soon as you are ready with the requested information. We will then review your information to help determine your eligibility for disability-related services and suggest next steps.

1. **Documentation of your disability:** Dartmouth College’s documentation requirements are at http://www.dartmouth.edu/~accessibility/policies/. Please share these guidelines with your school or practitioner to ensure that complete information is sent to us and to avoid delays or difficulties later on.

2. **Record of accommodations received in K-12** [e.g., Individualized Educational Plan (IEP), Section 504 plan, Summary of Performance]. If you did not receive accommodations in K-12, simply let us know.

3. **A Personal statement articulating your anticipated needs/request(s).**

4. **If used, a record of accommodation(s) granted on SAT, ACT, AP or Regent’s exam(s).**
