IT’S COMMENCEMENT DAY. FINALLY.

Congratulations. The completion of a Dartmouth degree is an achievement of a lifetime. Why not enjoy the day, and leave the recording to the professionals?

The Media Production Group at Dartmouth produces a multi-camera recording of all the pomp of the day—from bagpipes to the last note of the Alma Mater. With four cameras covering every angle, you and your family will see and hear the event in detail that rivals broadcast extravaganzas. The program runs approximately 150 minutes and is available on DVD.
