Why Dartmouth?

- Dartmouth is a top-ranked Ivy League institution, with just over 1,100 students per class year. 91% of the Class of 2018 graduated in the top 10% of their high school.
- Diversity and cultural competency are integral. Students of color represent over 37% of our population and over 64% of undergraduates spend a term studying abroad, with the vast majority being fluent in at least two languages.
- The intensive academic calendar challenges students to excel in new classes every 9-10 weeks, four times per year. This enables students to adapt quickly to your work environment with proven time and project management skills.
- Of Dartmouth's 50+ majors, the most popular are Economics, Government, Psychological & Brain Sciences, History, Biology, English and Engineering Sciences.

You can Hire Talented Dartmouth Interns Full-Time Each Season!

Cultivate a steady supply of future entry-level candidates and keep students thinking about your organization every quarter! Hire full-time interns for 8-14 weeks each season. Whether you have a one-time project or an ongoing need, Dartmouth students will make a lasting impact.

Building the Next Leaders in Tech: DALI

The Digital Arts Leadership and Innovation (DALI) lab is a one-of-a-kind lab which employs up to 80 students a term. Teams of student designers, developers & project managers collaborate to build technology tools that display data in meaningful ways. Projects include building interfaces for medical devices, creating digital fashion, mobile and web applications, interactive displays, and robots used for urban planning.

Join DartmouthCircles.

Our Interactive Engagement Platform

“DartmouthCircles has been a game changer in how we position our brand and opportunities to prospective students.”
-Amy Connolly, Vice President, EF Global Recruitment

This online tool will help you build a strong recruiting presence from a distance. No waiting for recruiting deadlines or incoming applications. Post opportunities and connect immediately with any students in the platform that interest you. Match Dartmouth talent to your opportunities, promote events, hold webinars or small group chats, and source/interview students right inside the platform.

RECRUITING OPTIONS

Employer Connections Fair
Showcase your organization and your opportunities at our biggest event of the year! This is the best way to interact directly with hundreds of talented candidates, in one visit. Save an afternoon for our 2016 Employer Fair, and register for either Sept. 20 or 21.

Hold an Employer Information Session
Schedule a one-hour event on campus, open to all students. Our office schedules and promotes ALL info sessions, tracking RSVP’s in advance.

Participate in On-Campus Interviews
Participate in one of our major resume submission deadlines to maximize your reach, then make your interview decisions online and let us take the work out of scheduling. Just arrive on campus and begin meeting with candidates in our beautifully renovated CPD interview facility.

Can’t Get to Campus, but Prefer a Structured Process? Join a Resume Drop with Follow-Up Phone/Video Interviews
You can still participate in one of our popular, major resume submission deadlines to build awareness and maximize your yield. Then, use our technology to inform students of your interview plans and conduct interviews directly with students from the comfort of your office.

Prefer to Keep it Simple? Set up a Basic Job Posting and have students apply directly to you!

Gain Early Access and Higher Visibility - Join our Partnership Program!
Learn more about all of the benefits your organization will gain as a special friend and supporter of our office.
