

2008-2009 Funds for Educational Enrichment

Financial Aid Office

Attention: Jennifer Chretien or Vicki Bacon-Husband

Second Floor, McNutt Hall, Hinman 6024

Hanover, NH 03755

Background Information:

A number of special funds, including the Educational Enrichment Fund, have been established to provide financial assistance to undergraduate students with demonstrated financial need (i.e., those receiving scholarship assistance from the College). These funds provide grants to students for to allow them to pursue educational opportunities that would be otherwise unavailable. In the past, the funds have provided grants to cover the cost of travel home because of family emergencies, expenses associated with leave-term internships, fees for physical education and enrichment courses on campus, and replacement of leave-term earnings while students were participating in educationally significant opportunities. Maximum grant awarded is \$1,000 (grants may be higher in exceptional cases).

Application Process and Schedule:

Interested students should submit this application form by the deadline specified for each term in order to apply for funding to be awarded for the following term. A committee reviews requests, decisions will be made and students will be notified approximately one week after the deadline each term. Requests regarding immediate emergencies will be reviewed on an as-needed basis. Students are eligible to receive financial assistance from one of these special funds only once during their Dartmouth career. Applications may be e-mailed to Financial.Aid@Dartmouth.edu, faxed to 603-646-1414, or hand delivered. All applications are due by 4 p.m. on the date specified.

Fall 2008 deadline (for 2009 winter term funding): November 14, 2008

Winter 2009 deadline (for 2009 spring term funding): February 27, 2009

Spring 2009 deadline (for 2009 summer term funding): May 22, 2009
