

## Thanks

At last, with these  
belated, heart-meant  
words, unevenly strung,  
in poetic pretensions,  
I say thanks a lot!

For a charming gesture,  
in your hand-shaped,  
your heart-shaped,  
smooth-faced vase,  
spun in  
whirling circles,  
too many to count!

And I,  
the lucky receiver  
of this pure perfection  
from hands so young!!
