Health Benefits College Contribution

Under Dartflex, staff receives a contribution which they subtract from the total cost of their elected benefits:

\[
\text{Elected Benefit Cost minus Contribution equals Net Cost}
\]

The contribution an employee receives is dependent upon the number of people covered under the medical plan, the amount of base salary, and the percent of working full-time. Lower paid staff receive a higher contribution to cover the cost of medical coverage than higher paid staff. The contribution given by the College used to purchase benefits is prorated for part-time employees. For more information, please refer to the Medical Plan Cost Estimator at http://www.dartmouth.edu/~hrs/benefits/premium_cost/estimator/

Status Change Events

The benefits you elect will remain in effect through December 31, 2014. You may only make changes to your benefits during the annual Open Enrollment period unless you have a qualified change in family or employment status (i.e. birth, marriage, divorce, change in hours, change in
residence, etc.). If you have a qualified change, you may notify the Benefits Office using the Status Change Form available at [http://www.dartmouth.edu/~hrs/forms/index.html](http://www.dartmouth.edu/~hrs/forms/index.html)

**Vacation and Holidays**

**Vacation**
Salaried staff are credited with 22 vacation days at regular pay at the beginning of each fiscal year (July through June). When service on July 1 is under one year, the amount is prorated according to the number of months worked in the prior fiscal year.

**Holidays**
Dartmouth celebrates 8 holidays. These holidays are New Year’s Day, Memorial Day, Independence Day, Labor Day, Thanksgiving Day, the day after Thanksgiving, Christmas Day, the day after or before Christmas Day (as determined by Dartmouth).

**Retirement Plan Benefits**
Retirement plan benefits consist of two parts: College contributions made on an employee's behalf under the Defined Contribution Retirement Plan and contributions voluntarily made by an individual under a Supplemental Retirement Account. Contributions are made on a pre-tax basis and will be taxed as income when withdrawn from the Plan.

**Defined Contribution Retirement Plan**
Under this plan Dartmouth makes regular, per paycheck, contributions based on a percentage of salary and age:
- Age 21 through age 29 - 3%
- Age 30 through age 34 - 5%
- Age 35 through age 39 - 7%
- Age 40 and older - 9%

No contributions are required from the staff member. There are three investment companies in which to invest the contributions: TIAA-CREF, Fidelity, and Calvert. It is necessary to continue working at the College for three years to be vested in this plan. If employment ends before achieving three years of service, the balance in the Plan will be forfeited.

**Supplemental Retirement Account**
Under the Supplemental Retirement Account (SRA), staff may make voluntary tax-deferred contributions to increase their retirement income. These contributions belong solely to the staff member - no vesting schedule applies. The amount one can tax-defer is subject to IRS limits. Staff have three investment companies in which to invest the contributions: TIAA-CREF, Fidelity, and Calvert.

**Match**
Benefit-eligible employees hired on or after July 1, 2009 who contribute to a Supplemental Retirement Account (SRA) will receive a matching contribution to his or her 401(a) Defined Contribution Retirement Plan which will be proportionately distributed consistent with the employee’s designed 401(a) investment directions.

Dartmouth will match voluntary contributions during the first six years of benefits-eligible employment, up to a lifetime maximum of $3,000.
Short-Term Disability
Salaried staff are eligible for up to twenty-six weeks of disability payments for a medically certified disability. This plan replaces salary at 100% for the first eight weeks of disability and 60% for weeks nine through twenty-six. Disabilities lasting longer than twenty-six weeks may be eligible for coverage under the Long-Term Disability plan elected under Dartflex.

Salaried employees can select coverage from a variety of plans offered by Winston Benefits and CNA. This may be taken as taxable income, or it may be contributed to the employee's Supplemental Retirement Account (SRA). Those eligible to receive this benefit are staff in salaried positions as of June 30, 2010 who remain in a salaried position and who have already reached, or will reach, the age of 40 on or before December 31, 2015.

Interest-Free Loans
Salaried staff may borrow up to $2,000 interest free. This loan is available due to a generous gift from the Gilman Foundation.
