EXEMPT FACULTY & STAFF
The employee types below are exempted from overtime pay according to the Fair Labor Standards Act and are paid monthly. They include:

- “Research Staff” (Research Associate C, Research Scientist, Research Analyst, and Research Engineers) - see below
- “Faculty” (visiting or tenure track faculty)
- “Exempt Staff” (salaried staff)

RESEARCH ASSOCIATE C

These titles can be given to individuals who perform essential roles in the research enterprise of individual laboratories (i.e. under the auspices of a faculty sponsor), in institutional cores, or in providing support for broad-based institutional initiatives through roles in data analysis and assessment.

ORIENTATION PROGRAM
Once the Benefits Office receives notice of benefits eligibility, faculty and exempt staff are invited to attend a comprehensive orientation program at which they receive their benefit information and enrollment materials. It is important for the employee to give their department correct personal information (social security number, date of birth, legal mailing address) as soon as possible after accepting the position. Absence of this information will delay an invitation to orientation.

DARTFLEX BENEFITS
Exempt faculty and staff are eligible to participate in the Dartflex category of benefits and are eligible to enroll in the benefit plans effective as of their date of hire/eligibility. These benefits are not activated until the online enrollment process is either completed or defaulted. The deadline for enrollment is the latter of 45 days from the date you become benefits eligible, or 45 days from the date you are notified you are benefits eligible. After 45 days, certain benefits will be defaulted. Under Dartflex, the money spent on benefits is not considered taxable income by the IRS (some exceptions apply).

HEALTH BENEFITS

COLLEGE CONTRIBUTION
Under Dartflex, exempt faculty and staff receive a contribution toward their medical benefits, which they subtract from the total cost of their premiums.

Elected Benefit Cost minus Dartmouth Contribution equals Employee Net Cost

The contribution an employee receives is dependent upon the amount of base salary, the percent of working full-time and the medical plan tier (number of people covered) elected.

Lower-paid staff receive a higher contribution to cover the cost of medical coverage than higher paid staff. The contribution given by the College used to purchase benefits is pro-rated for part-time employees. For more information, please refer to the Medical Plan Cost Estimator at www.dartgo.org/medical-cost-estimator.

Employer contributions are pro-rated for part-time employees and those who become eligible for benefits mid-year.

_Flexible Spending Accounts are “use-it-or-lose-it” benefits._

Exempt faculty and staff contributing to or receiving HSA dollars from Dartmouth may not utilize the onsite health clinic, Dartmouth Health Connect, or be enrolled in any other health care plan other than an HDHP.

You are not eligible to contribute to the Health Care FSA and HSA at the same time. This includes employer contributions made on your behalf.

**EFFECTIVE DATE OF NOTICE**

This notice becomes effective on April 14, 2003.
Important Notice from Dartmouth College About Your Prescription Drug Coverage and Medicare

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with Dartmouth College and about your options under Medicare’s prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

There are two important things you need to know about your current coverage and Medicare’s prescription drug coverage:

1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.

2. Dartmouth College has determined that the prescription drug coverage offered by the CVS Caremark and the 65+ SilverScript prescription drug plans are, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore considered Creditable Coverage. Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.

When Can You Join A Medicare Drug Plan?

You can join a Medicare drug plan when you first become eligible for Medicare and each year from October 15th through December 7th open enrollment.

However, if you lose your current creditable prescription drug coverage, through no fault of your own, you will also be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan.

What Happens To Your Current Coverage If You Decide to Join A Medicare Drug Plan?

If you decide to join a Medicare drug plan, your current Dartmouth College coverage will be affected. Effective January 1, 2013, your Dartmouth College Medicare Supplemental (DCMS) plan will include Medicare Part D and covers prescription drugs at 30% coinsurance until a $450.00 total out-of-pocket maximum is met. If you do decide to join a Medicare drug plan and opt out of your current Dartmouth College coverage, be aware that you and your dependents will also be opting out of your medical coverage and will not be able to get this coverage back.
When Will You Pay A Higher Premium (Penalty) To Join A Medicare Drug Plan?

You should also know that if you drop or lose your current coverage with Dartmouth College and don't join a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later.

If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go nineteen months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to join.

For More Information About This Notice Or Your Current Prescription Drug Coverage contact one of the following:

Dartmouth College Human Resources Benefits Office at:

Active employees or retirees ages 55-64: CVS Caremark at:
(855) 465-0032 Toll-free 24 hours a day, 7 days a week

NOTE: You'll get this notice each year. You will also get it before the next period you can join a Medicare drug plan, and if this coverage through Dartmouth College changes. You also may request a copy of this notice at any time.

For More Information About Your Options Under Medicare Prescription Drug Coverage...

More detailed information about Medicare plans that offer prescription drug coverage is in the “Medicare & You” handbook. You'll get a copy of the handbook in the mail every year from Medicare. You may also be contacted directly by Medicare drug plans.

For more information about Medicare prescription drug coverage:

- Visit www.medicare.gov
- Call your State Health Insurance Assistance Program (see the inside back cover of your copy of the “Medicare & You” handbook for their telephone number) for personalized help
- Call 1-800-MEDICARE (1-800-633-4227). TTY users should call 1-877-486-2048.
- If you have limited income and resources, extra help paying for Medicare prescription drug coverage is available. For information about this extra help, visit Social Security on the web at www.socialsecurity.gov, or call them at 1-800-772-1213 (TTY 1-800-325-0778).

Remember: Keep this Creditable Coverage notice. If you decide to join one of the Medicare drug plans, you may be required to provide a copy of this notice when you join to show whether or not you have maintained creditable coverage and, therefore, whether or not you are required to pay a higher premium (a penalty).
