## LIST OF NEWSPAPERS IN THE JONES MEDIA CENTER

### KEY:

1. No Parentheses (e.g. 1770-1780) means complete from January to December of these years and all between.
2. Parentheses around the dates individually [e.g. (1770)-(1780), or (1770)-1780, or 1770-(1780)] mean that the year in parentheses is incomplete, presumably because of our run or the publication starts or stops in the middle of the year, while the intervening years are complete.
3. Parentheses around both dates together [e.g. (1770-1780)] means that there are some missing issues scattered throughout the run.
4. Underlined dates indicate that holdings continue backward or forward outside the period for which the title is listed.
5. Many newspapers for which only one year is listed are single issues.
6. The list of foreign newspapers includes press summaries.
7. **b - 23b** stands for boxed microprint. These are located in the Jones Media Center.
8. **c - 180c** stands for microcards. These are located in the Jones Media Center.
