Chapman - Sketches of the Alumni (DC Hist /LD /1435.4 /.C47)
Contains good biographical and genealogical information on most graduates of the undergraduate College for classes through 1867.

Alumni files
Arranged in class order for deceased Dartmouth undergraduate alumni, some honorary degree recipients, and some advanced degree students, from 1771 - present. Usually contain clippings, obituaries, photographs, standard biographical forms.

Faculty/Employee files
Files containing information about faculty, officers and staff who did not receive Dartmouth degrees.

In many cases, these are not the official faculty files maintained by the College, but ephemeral files created by Special Collections.

Medical School Alumni files
Information files on deceased graduates and non-graduates of the Medical School who were not alumni of the undergraduate College, for classes ca. 1800-1950. There is also a card index with brief information on non-graduates who entered the Medical School from 1800-1878.

Frost Genealogical Records
Many nineteenth century Dartmouth alumni, faculty, and officers were members of Hanover families. Additional biographical and genealogical information may be found in the Frost Genealogy Records, particularly his card index of Hanover families. Please refer to the information sheet on that collection.

Class Reports (DC Hist Class Report, class)
Periodical publications by individual classes which contain biographical information about members of the class.

Other

In addition to doing an online search for the specific person, the online catalog may be checked for published genealogies of family names; some family genealogies are contained in the Alumni Collection. The manual manuscript catalog in Special Collections is also worth checking, both for correspondence and genealogical notes.

Special Collections is open 8-4:30, Monday - Friday
