Medical Information

January 30, 2003

Dear Coaches and Athletic Trainers,

On behalf of the Dartmouth College Sports Medicine Department, I would like to welcome you, and your athletes to Dartmouth College. We are excited about hosting the upcoming NCAA National Skiing Championships in March 2003.

We would like to provide you with information regarding medical care for your athletes while you are visiting Dartmouth College. During competitions at the Dartmouth Skiway (Alpine Events) and Oak Hill (Nordic Events), the Dartmouth College ski patrol will provide first aid onsite and arrange transportation via ambulance; to Dartmouth Hitchcock Medical Center should a serious injury occur. The Dartmouth College Student EMT Group will also be onsite at the Oak Hill Nordic Course to handle less serious injuries which might occur. In addition there will be a physician present onsite at each venue during the hours of competition.

The Davis Varsity House Athletic Training Room will be open for treatments daily. Please see the Medical Coverage attachment for hours and location. Should you have athletes who will need treatments prior to practices or competitions, and your team does not have a Certified Athletic Trainer traveling with you, our Sports Medicine staff will be available to provide these services. Visiting athletes who will need treatments must provide a letter from your schools Athletic Trainer or Team Physician detailing each athletes treatment needs, modality parameters and status for participation.

Injuries which occur during practice or competition will be evaluated by our Sports Medicine staff and then either treated or referred to the appropriate medical care provider as necessary.

Please review this information and contact me if there are special needs for your athletes.

Good luck and see you at Dartmouth.
