Internship Opportunity

Center for the Study of Traumatic Encephalopathy (CSTE)
Boston University School of Medicine
VA Bedford Healthcare System

Looking for a college student interested in learning first hand the science of Histopathology at the Center for the Study of Traumatic Encephalopathy.

- Major duties include the following: performing limited embedding and microtomy and performing cover slipping of stained slides manually. You will also be asked to ensure all corporate safety, quality control and quality assurance standards are met, maintain a clean and well-organized work area, and perform administrative tasks, data entrée, and other duties assigned by your direct supervisor.

  - Commitment
    - 1-year commitment
    - Minimum of 20 hours a week
  - Skills needed:
    - Student in Health Sciences or other biological discipline
    - Interest in the study of Chronic Traumatic Encephalopathy
    - Wet lab experience preferred
    - Excellent interpersonal skills both verbal and written
    - Computer software proficiency
    - Can work with limited oversight
    - Applies meticulous attention to detail
    - Enjoys working in a team environment
    - Having a valid driver's license and access to transportation

To apply, please email a cover letter and resume to Lauren Murphy at lmurphy2@bu.edu. An in-person interview will follow for top applicants.
