The Office of Science Education Outreach, Health Sciences, at the University of Pittsburgh is dedicated to empowering elementary, middle school, high school, and undergraduate students; their teachers, parents, and volunteers from across the schools of the health sciences as partners in exploring the opportunities in science, including careers in the discovery, dissemination, and translation of biomedical knowledge that will improve human health.

We invite you to join us in experiencing the creative life of the mind that is inspired by scientific inquiry and discovery—all in the tradition of excellence at the University of Pittsburgh schools of the health sciences.
The Office of Science Education Outreach, Health Sciences, will link you to the University of Pittsburgh schools of the health sciences (the Graduate School of Public Health, School of Dental Medicine, School of Health and Rehabilitation Sciences, School of Medicine, School of Nursing, and School of Pharmacy), which offer summer research programs for undergraduate students in a variety of disciplines.

Consider participating in one of the exciting summer research opportunities listed below!

- American Student Placement in Rehabilitation Engineering (ASPIRE) REU* Program
  [www.qolt.pitt.edu/under](http://www.qolt.pitt.edu/under)

- Center for Neuroscience at the University of Pittsburgh (CNUP) Summer Undergraduate Research Program
  [cnup.neurobio.pitt.edu/training/summer/index.aspx](http://cnup.neurobio.pitt.edu/training/summer/index.aspx)

- Conte Center for the Neuroscience of Mental Disorders (CCNMD) Undergraduate Research Fellowship
  [www.ccnmd.pitt.edu/Pages/Training/ugradover.html](http://www.ccnmd.pitt.edu/Pages/Training/ugradover.html)

- Models of Infectious Disease Agent Study (MIDAS) Summer Research Program
  [www.midas.pitt.edu/srp](http://www.midas.pitt.edu/srp)

- Pittsburgh-Tuskegee Prostate Training Program
  For more information, visit [www.howscienceworks.pitt.edu](http://www.howscienceworks.pitt.edu).
