40 Years of Co-education: A Dartmouth Community Conversation

January 15, 2013 from 12:00 to 1:30 PM, DCAL, 102 Baker Library

This year Dartmouth celebrates 40 years of co-education. Mark the occasion at DCAL by hearing from a panel of students who represent different curricular and co-curricular experiences, and follow up with a conversation across constituencies which addresses some of these questions:

- What are the some of the most important gendered issues on campus?
- How are we currently teaching about these issues?
- Where are the overlaps and where are the gaps?
- What are some of the best ways to teach about such issues, including experiential approaches both inside and outside of the classroom? Are we employing them?
- How can we collaborate across the curriculum and the co-curriculum to address such issues in a more proactive and thorough-going way?
- How can students, faculty, and staff take leadership in their respective ways, including through the upcoming spring “Mentoring, Gender, and Social Justice” project?

Participation is limited to 30 people so sign up soon by visiting http://www.dartmouth.edu/~dcal/about/contact.html
