

BE A UGA!

RICHARDSON UGA

My name is Andrew Ballentine. I am a member of the class of 2009 and I come from Pendleton, Indiana. I compete on Dartmouth's swim team and I am a UGA for a floor consisting of all upperclassmen. I am currently a geography modified with economics major.

I decided to apply for a UGA position, because I wanted to enhance my college involvement while having an impact on others. Being a UGA has provided me the opportunity to meet many interesting people involved with different aspects of the college that I previously knew very little about. Now, I am able to connect my floor residents and other students to these people and resources.

If you are enthusiastic about the "Dartmouth Experience" and have an interest in helping others through interaction with residents, faculty and staff I highly recommend the UGA position. Being a UGA has truly enhanced my time at Dartmouth by allowing me to gain skills that will be valuable upon graduation.
