Deleting an In Progress PHS Project Specific Disclosure

Dartmouth College Research Interests Disclosure System
Log in to the RCOI Application and click “Yes” in response to the PHS question.

Click on “Project Specific Disclosure”
On the Project Dashboard, you will see your disclosures, divided into “In Progress” and “Completed”.

You cannot delete Completed disclosures, but if you wish, you may delete those that are In Progress.

Click on “Complete Disclosure” to either complete or delete the disclosure.
At the bottom of the Disclosure, there is a section for deleting the disclosure. Add a reason for the deletion in the text box and click on “Delete this disclosure.”
You will see a success message and the deleted disclosure will no longer appear in the In Progress section.
