Capacitance Measurements

Individual Setups

1   electrometer
1   0-5 V power supply
1   red pegboard
3   white connecting strips
4   banana leads
2   alligator clips
1   standard capacitor

2   capacitors of unknown value
1   capacitor set containing
    1   0.01 µf cap
    1   0.02 µf cap
    1   0.03 µf cap
    1   0.04 µf cap
