REMINDERS

- This form must be complete for review. If there are items missing then it will be held until the needed documents are provided.
- The Registrar’s Office reviewed petitions weekly. The typical review period is that petitions received by Monday at 4 will be reviewed in time for students to receive a response by Friday of that week. (Please note that we receive close to 1,000 petitions per year.)
- Students who have met graduation requirements are normally not approved for additional terms. Students who have applied for graduation will be included on the graduation list if they have met graduation requirements.
- Review the ORC/Catalog for more information about requirements.
- International students and students who receive financial aid are particularly encouraged to speak with officers in the appropriate offices before they make a D-plan change.
- This is a petition for an enrollment (D-plan) change ONLY. If you write in other information do not assume that you are receiving approval, for example if you state that you require housing or ask a question about a requirement, the signature on the form does not signify approval.
