Cost → $299 before September 30th and $349 is the Regular Price

The Gateway Program offers variety of abilities the opportunity to discover the excitement of downhill skiing and snowboarding in a fun and safe environment. This program, offered Saturday and/or Sundays, is recreational in nature, with a focus on improvement through increased skiing time as well as using an introduction to gates, brushes, and moguls along with other terrain features to build and reinforce skills. The program is designed to develop competent, safe and happy lifelong skiers and riders, with small classes grouped by age and ability taught by professional instructors. Some children may choose to move into other programs which have specific focuses such as racing or freestyle competition thus this program’s goal is to build and refine a foundation of skiing/riding skills to allow them to be successful if they choose a competition venue in the future. All program participants must be able to ski/ride from the top of the Winslow quad chair unassisted prior to the first day (please note that the program cost does NOT include lift access or lunch). For additional details please check out www.dartmouthskiway.com under the ski school tab or email Snowsports School Director Ben Craig at ben.craig@dartmouth.edu. Hurry registration is limited!
