

## Volunteer Spotlight

December 2007

### Lauren Berkovits '08

#### Big Brother Big Sister

In addition to serving as a chair of Big Brother Big Sister, Lauren has been involved as a Big Sister since her freshman year. Her younger brother is one of the special needs children served through the "Connections" Program. The kindness, patience and love with which Lauren has always approached her mentorship is evident in every interaction with her match. In the face of constant challenges and hurdles, even those that are often not present within other matches, she has managed to form an incredibly special bond with her sibling and make a significant difference in his life, just as he has in hers.
