The Mary Kay Foundation

CANCER RESEARCH GRANT APPLICATION ANNOUNCEMENT

Applications are accepted from
November 5, 2019 through February 7, 2020 (5:00 PM CT)

The Mary Kay Foundation, a funding source for cancer research, is currently accepting applications for innovative grants for translational research in ovarian, uterine, breast, or cervical cancer.

The program will offer grants up to $100,000 (combined direct and indirect costs - indirect costs cannot exceed 15%.) That may be used in a one-year period or up to two years. Applications must be submitted by one Principal Investigator, selected by the Institution. Grants are limited to the United States.

Only one grant application will be accepted from each invited cancer research institute or medical school. No exceptions.

***

The Principal Investigator that completes the applications must be Full-time Assistant Professor or higher at the time of application submission and the same person who signs the electronic signature. Names must match exactly. Staff scientists, postdoctoral trainees and instructors are NOT eligible.

Announcement of the grant awards will be made on or about June 1, 2020.

The Principal Investigator will be notified following review of the applications.

Online application will ask applicants to submit the following:
  Research Description (5 pages max)
  Literature References Cited (2 pages max)
  Letters of collaboration (3 pages max)
  Current Financial Support (2 pages max)
  Budget & Justification
  NIH Format CV
  NIH Biosketch or Equivalent, (5 pages max, all in one attachment)
