Limited Application				
Program	Funder	Amount	Description	Deadlines
<a href="#">Anna Lalor Burdick Program</a>	Lalor Foundation	\$35,000	<p>For innovations and new programs that offer sexual and reproductive health education to young women, especially those disadvantaged by poverty, discrimination, geographic isolation, lack of comprehensive sex education, hostile public policy, or other factors leading to inadequate sexual and reproductive health.</p> <p>There are two annual deadlines: May 1 and November 1.</p> <p><b>LIMITED SUBMISSION -- INTERNAL APPLICATION REQUIRED</b></p> <p>Dartmouth may submit one application per round. To apply for this opportunity, email the following to <a href="mailto:limitedfunding@dartmouth.edu">limitedfunding@dartmouth.edu</a>: one-page description of your project; total amount of your funding request; current CV. Use "Lalor Foundation - Anna Lalor Burdick Program" as the email subject line.</p>	<p><b>Internal deadline:</b> 3/23/20</p> <p>External deadline: 5/1/20</p>
<a href="#">Grants</a>	American Honda Foundation	\$75,000	<p>For youth education (up to age 21) in the areas of science, technology, engineering, mathematics, the environment, job training, and literacy. Not for research or foreign exchange programs.</p> <p><b>LIMITED SUBMISSION - INTERNAL APPLICATION REQUIRED</b></p> <p>Dartmouth may submit one proposal. To apply for this opportunity, email the following to <a href="mailto:limitedfunding@dartmouth.edu">limitedfunding@dartmouth.edu</a>: one-page description of your project; total amount of your funding request; current CV. Use "American Honda" as the email subject line.</p>	<p><b>Internal deadline:</b> 3/23/20</p> <p>External deadline: 5/1/20</p>

Limited Application				
Program	Funder	Amount	Description	Deadlines
<a href="#">Pew Scholars Program in the Biomedical Sciences</a>	PEW Charitable Trusts	\$300,000	<p>For science research relevant to the advancement of human health, particularly creative and pioneering approaches to basic, translational, and applied biomedical research. Candidates whose work is based on biomedical principles but who bring in concepts and theories from more diverse fields are encouraged to apply.</p> <p>Eligibility: doctorate in biomedical sciences, medicine, or a related field; full-time appointment as assistant professor as of Sept. 10, 2020; appointed no earlier than June 15, 2017 (exceptions for clinical internships, residencies, in work toward board certification and parental leave); the same person may apply no more than twice.</p> <p><b>LIMITED SUBMISSION -- INTERNAL APPLICATION REQUIRED</b></p> <p>Dartmouth may nominate one candidate. To apply for this opportunity, email the following to <a href="mailto:limitedfunding@dartmouth.edu">limitedfunding@dartmouth.edu</a>: one-page description of your project; total amount of your funding request; current CV. Use "Pew Biomedical Scholars" as the email subject line.</p> <p>Institutional nominations are due May 18, 2020. Applications are due Sept. 10, 2020.</p>	<p><b>Internal deadline: 3/30/20</b></p> <p>Nomination deadline: 5/18/20</p> <p>Application deadline: 9/10/20</p>

Cross-cutting/Multi-disciplinary				
Program	Funder	Amount	Description	Deadline
<a href="#">Statistics for Improving Insights, Models, and Decisions</a>	Facebook	\$50,000	<p>To address challenges in applied statistics that have direct applications for producing more effective insights and decisions for data scientists and researchers. Interest in a varied set of statistical topics, including but not limited to experimentation, forecasting, predictive modeling, survey and ground truth modeling and sampling. Topics of interest include, but are not limited to:</p> <ul style="list-style-type: none"> <li>- Learning and evaluation under uncertainty;</li> <li>- Statistical models of complex social processes;</li> <li>- Causal inference with observational data;</li> <li>- Efficient sampling and prevalence measurement;</li> <li>- Design and analysis of experiments;</li> <li>- Anomaly Detection;</li> <li>- Interpretability techniques for AI models.</li> </ul>	3/25/2020
<a href="#">Grants</a>	National Center for Responsible Gaming	\$350,000	<p>For the study of gambling disorders. Applications welcomed from investigators in psychology, psychiatry, epidemiology, public health, sociology, economics, neuroeconomics, neuroscience and other relevant disciplines.</p> <p>Opportunities:</p> <ul style="list-style-type: none"> <li>- ICRG Center of Excellence in Gambling Research Grant (\$350,000, June 1, 2020)</li> <li>- Seed Grants (\$30,000 for one year plus 15 percent, August 3, 2020);</li> <li>- Pre-doctoral Student Network Grants (\$5,000, May 1, 2020)</li> <li>- Dissertation Grants (\$2,000, April 1, 2020)</li> <li>- Travel Grants (\$1,500, accepted on a rolling basis)</li> </ul>	4/1/2020

Cross-cutting/Multi-disciplinary				
Program	Funder	Amount	Description	Deadline
<a href="#">Foundational Integrity Research: Misinformation and Polarization</a>	Facebook	\$150,000	<p>For researchers interested in exploring the societal issues of misinformation and polarization related to social communication technologies. The award is restricted to social science research that contributes to generalized scientific knowledge and its application.</p> <p>Areas of interest include:</p> <ul style="list-style-type: none"> <li>- Health misinformation</li> <li>- Quantifying harms of misinformation</li> <li>- Information processing of sensational, hateful, divisive, or provocative problematic content</li> <li>- Affective polarization</li> <li>- Dangerous speech, conflict, and violence</li> <li>- Misinformation, multimedia, and formats</li> <li>- News, trust, and information quality</li> <li>- Cross-platform information ecosystem understanding</li> <li>- Digital literacy, demographics, and misinformation</li> </ul>	4/1/2020
<a href="#">McGraw Prize</a>	Penn State Graduate School of Education	\$50,000	For outstanding individuals who have dedicated themselves to improving education and whose accomplishments are making a difference.	4/15/2020

Cross-cutting/Multi-disciplinary				
Program	Funder	Amount	Description	Deadline
<a href="#">Bower Award and Prize for Achievement in Science</a>	Franklin Institute	\$250,000	<p>For individuals who have made significant contributions to the scientific understanding of decision-making. The interdisciplinary field of decision-making integrates theory and methods from economics, psychology, neuroscience, computer science, and related areas to understand the mechanisms through which individuals and groups choose among competing possibilities and how these mechanisms guide behavior.</p> <p>Nominations are encouraged in, but not limited to, the following subtopics and their intersections:</p> <ul style="list-style-type: none"> <li>- Psychological insights: mechanisms, development, context-dependence, individual differences, cultural variation, evolution</li> <li>- Modeling of individual or group choice behavior: valuation, social preferences, impulsivity, strategy, network models</li> <li>- Neurobiological mechanisms: human neuroscience, model organisms, behavioral neuroscience, genetic approaches, comparative approaches</li> <li>- Clinical approaches: pharmacology, psychiatric disorders, neuropsychological conditions</li> <li>- Development of interventions to improve individual and/or group decision-making outcomes</li> <li>- Broad applications: artificial intelligence, courts/law, education, finance, health/medicine, government/public policy, intelligence, labor, technology</li> </ul>	4/30/2020
<a href="#">Science-Humanities Collaborations</a>	cogito foundation	\$100,000	<p>To study the gap between the Sciences and the Humanities as well as to bridge it. Projects accepted from established researchers (research grants) or young investigators who recently obtained their Ph.D. (Post doc scholarships). The main aspect of such proposals needs to be in the cross-disciplinary collaboration between the Sciences and the Humanities, where both parties gain scientifically from the research project.</p> <p>There are two annual deadlines: May 1 and October 1.</p>	5/1/2020

Cross-cutting/Multi-disciplinary				
Program	Funder	Amount	Description	Deadline
<a href="#">Grants</a>	Environmental Research & Education Foundation	\$500,000	<p>Topics must relate to sustainable solid-waste management practices and pertain to the following topic areas:</p> <ul style="list-style-type: none"> <li>- Waste minimization;</li> <li>- Recycling;</li> <li>- Waste conversion to energy, biofuels, chemicals or other useful products, including waste-to-energy, anaerobic digestion, composting, other thermal or biological conversion technologies;</li> <li>- Strategies to promote diversion to higher and better uses (e.g. organics diversion, market analysis, optimized material management, logistics, etc.);</li> <li>- Landfilling.</li> </ul> <p>There are two annual deadlines: May 1 and December 1.</p>	5/1/2020
<a href="#">Frontiers of Knowledge Awards</a>	BBVA Foundation	\$435,000	<p>For fundamental contributions in a broad array of areas of scientific knowledge, technology, humanities and artistic creation. Subject areas: Basic Sciences (Physics, Chemistry, Mathematics); Biology and Biomedicine; Information and Communication Technologies; Ecology and Conservation Biology; Climate Change; Economics, Finance and Management; Humanities and Social Sciences; Music and Opera.</p>	6/30/2020
<a href="#">Public Understanding of Science</a>	cogito foundation	\$100,000	<p>To foster the understanding of scientific thinking in the general public. The focus should be on on the process of the scientific method and the implications of its most basic tenants. Congresses, meetings, seminars and the like may ask for financial support for the invitation of prominent speakers. Events and activities based in Switzerland that aim at increasing the understanding of scientific thinking and the scientific method in the public at large are also supported.</p> <p>There are two annual deadlines: May 1 and October 1.</p>	5/1/2020

Arts & Humanities				
Program	Funder	Amount	Description	Deadline
<a href="#">Language Legacies Grants</a>	Endangered Language Fund	\$2,000	For language documentation and revitalization, and for linguistic fieldwork. The work most likely to be funded is that which serves both the native community and the field of linguistics, although projects which have immediate applicability to one group and more distant applicability to the other will also be considered.	3/15/2020
<a href="#">Creative Nonfiction Grant</a>	Whiting Foundation	\$40,000	For completing a book-length work of nonfiction for a general, not an academic, readership. For works of history, cultural or political reportage, biography, memoir, the sciences, philosophy, criticism, food or travel writing, and personal essays, among other categories. Projects must currently be under contract with a U.S. publisher.	4/20/2020
<a href="#">Jazz Road Tours</a>	New England Foundation for the Arts	\$15,000	For emerging and mid-career professional jazz artists and ensembles. Supports small, three- to six-site tours at an array of venue types, often in rural communities and other areas traditionally underserved by the genre.	4/21/2020
<a href="#">French Voices Award</a>	FACE Foundation	\$10,000	For English translations of works that have been published in France in the last six years. There are two annual deadlines, in May and December.	5/15/2020
<a href="#">Lenore Marshall Poetry Prize</a>	Academy of American Poets	\$25,000	For the most outstanding book of poetry published in the United States in the previous calendar year	5/15/2020
<a href="#">French Voices Award</a>	FACE Foundation	\$10,000	For English translations of works that have been published in France in the last six years. There are two annual deadlines, in May and December.	5/15/2020

Arts & Humanities				
Program	Funder	Amount	Description	Deadline
<a href="#">Arts Writers Grant Program</a>	Arts Writers	\$50,000	For emerging and established writers who are writing about contemporary visual art. For projects addressing both general and specialized art audiences, from scholarly studies to self-published blogs, including art writing that engages criticism through interdisciplinary methods or experiments with literary styles. Four categories—articles, blogs, books and short-form writing.	5/20/2020
<a href="#">Japanese Contemporary Literature Project</a>	Japan Foundation (New York)	not available	Free English translations of contemporary best-selling Japanese novels for university classes	rolling
<a href="#">Grant For Arts And Culture</a>	Japan Foundation (New York)	\$5,000	For projects that will further understanding of Japanese arts and culture. Supports publicity; printing costs; honoraria and travel for artists and lecturers; shipping cost of films, exhibits and/or other materials.	rolling
<a href="#">Funding Initiative Patrimonies</a>	Gerda Henkel Foundation	not available	<p>For projects that focus on the preservation of historical cultural heritage first and foremost in crisis regions and, in some cases, should for the first time enable scientific research in the fields of history, archaeology, and art history. In this context, the Foundation supports measures that make a contribution to preserving cultural heritage, augmenting scientific infrastructure, educating young scientists and establishing networks in science, politics and society in the regions in question.</p> <p>There are three decision-making rounds a year. The administrative office will provide information on the relevant deadlines and documents to be submitted after reviewing the respective preliminary inquiry.</p>	rolling

Social Sciences & Business/Entrepreneurship				
Program	Funder	Amount	Description	Deadline
<a href="#">Summer Institute in Behavioral Economics</a>	Russell Sage Foundation	not available	Intensive summer institute to introduce doctoral students, postdoctoral researchers and early-career faculty in economics and related disciplines to the findings and methods of behavioral economics—the application of psychological theory and research to economics. June 28 to July 9, 2020 at Waterville Valley, N.H. Faculty must be within one year of Ph.D.	3/13/2020
<a href="#">Small Grants in Computational Social Science</a>	Russell Sage Foundation	\$10,000	For research that uses behavioral insights from psychology, economics, sociology, political science and other social sciences to examine and improve social and living conditions in the United States. Eligibility: advanced doctoral students, post-doctoral fellows or non-tenured junior faculty members no more than two years beyond the Ph.D.	3/17/2020
<a href="#">Opportunity Awards</a>	James S. McDonnell Foundation	\$250,000	<p>Seed funding for using new theories, tools and techniques to re-examine how biology and experience contribute to the ongoing development of cognition and behavior across the lifespan. Individual projects need not cover the full human life span.</p> <p>Opportunity Awards can be used:</p> <ul style="list-style-type: none"> <li>- to support collaboration or to obtain training that allows new theories and new tools to be incorporated into ongoing research;</li> <li>- to provide a researcher with supported time while acquiring new skills and knowledge;</li> <li>- to pilot or test novel experimental approaches and to allow laboratories primarily using artificial laboratory-constrained tasks to explore behavioral studies with more natural free flowing behaviors;</li> <li>- to refine and extend the temporal dimension of data acquisition allowing for more dynamic assessments of how behavior unfolds over time;</li> <li>- to diversify and expand study populations.</li> </ul>	4/14/2020

Social Sciences & Business/Entrepreneurship				
Program	Funder	Amount	Description	Deadline
<a href="#">Hunt Postdoctoral Fellowships</a>	Wenner-Gren Foundation	\$40,000	For early-career scholars (<10 years from Ph.D.) to develop completed anthropology research for publication.	5/1/2020
<a href="#">Post-Ph.D. Research Grants</a>	Wenner-Gren Foundation	\$20,000	For basic research in anthropology. The Foundation supports research that demonstrates a clear link to anthropological theory and debates, and promises to make a solid contribution to advancing these ideas. There is no preference for any methodology, research location, or subfield. The Foundation particularly welcomes proposals that employ a comparative perspective, can generate innovative approaches or ideas, or integrate two or more subfields.  There are two annual deadlines: May 1 and November 1.	5/1/2020
<a href="#">Research Grants on Reducing Inequality</a>	William T. Grant Foundation	\$600,000	For research on programs, policies, and practices that reduce inequality in youth outcomes; and research that identifies, builds, and tests strategies to improve the use of research evidence in ways that benefit youth.	5/6/2020
<a href="#">Improving the Use of Research Evidence</a>	William T. Grant Foundation	\$1,000,000	For research to identify, build, and test strategies to ensure that research evidence is used in ways that benefit youth in the United States. Preference for research on improving the use of research evidence by state and local decision makers, mid-level managers, and intermediaries.	5/6/2020
<a href="#">Research Grants</a>	Russell Sage Foundation	\$175,000	For social-science research in these program areas: - Behavioral Economics; - Race, Ethnicity and Immigration; - Social, Political and Economic Inequality; - Immigration & Immigrant Integration. Early-career scholars are particularly encouraged to apply.	5/21/2020

Social Sciences & Business/Entrepreneurship				
Program	Funder	Amount	Description	Deadline
<a href="#">Young Investigator Award</a>	Society for Neuroscience	\$15,000	For outstanding achievements and contributions by a young neuroscientist who has demonstrated scholarly independence. Must show evidence of heading an independent research laboratory. Eligibility: PhD or MD (or equivalent) awarded within the past 10 years (clock stops for child-care leave). Post-docs are ineligible.	5/22/2020
<a href="#">Peter and Patricia Gruber International Research Award</a>	Society for Neuroscience	\$25,000	For outstanding neuroscience research and educational pursuit by non-U.S. citizens or permanent residents. Eligibility: postdoctoral fellow, research associate and/or advanced graduate student at the time of the nomination or have ended this stage in their career in the immediate past calendar year.	5/22/2020
<a href="#">Randomized Controlled Trials of Criminal Justice Programs and Practices</a>	Arnold Ventures	not available	To conduct randomized controlled trials of criminal justice programs and practices in the United States that fall into one of three tiers: 1) The intervention is backed by promising prior evidence suggesting it could produce sizable impacts on important criminal justice outcomes (e.g., prevent violence, reduce recidivism, minimize injustice, improve health/employment of persons formerly involved in the justice system); 2) The intervention is widely adopted in practice, but has not yet been rigorously evaluated and its impacts on key criminal justice outcomes are thus largely unknown; 3) The intervention is growing in use and likely to become widely adopted, but has not yet been rigorously evaluated.	rolling
<a href="#">Funding Initiative Patrimonies</a>	Gerda Henkel Foundation	not available	For projects that focus on the preservation of historical cultural heritage first and foremost in crisis regions and, in some cases, should for the first time enable scientific research in the fields of history, archaeology, and art history. In this context, the Foundation supports measures that make a contribution to preserving cultural heritage, augmenting scientific infrastructure, educating young scientists and establishing networks in science, politics and society in the regions in question.  There are three decision-making rounds a year. The administrative office will provide information on the relevant deadlines and documents to be submitted after reviewing the respective preliminary inquiry.	rolling

Physical Sciences, Mathematics & Engineering				
Program	Funder	Amount	Description	Deadline
<a href="#">Fishing for Energy</a>	National Fish and Wildlife Foundation	\$500,000	To support strategies to reduce the impacts of derelict fishing gear to marine and coastal environments and navigational safety. Two priorities: 1) innovation in gear technology; 2) comprehensive derelict fishing gear management (proposals in this area should work to improve the capacity of the local and state governments in Florida to establish a sustainable marine debris prevention and removal program).	3/31/2020
<a href="#">Grants</a>	United Engineering Foundation	\$337,000	For broad-based, interdisciplinary proposals that further the engineering profession as a whole. Technical research proposals and proposals by individuals are seldom accepted.	5/1/2020
<a href="#">APS Medal for Exceptional Achievement in Research</a>	American Physical Society	\$50,000	For contributions of the highest level that advance knowledge and understanding of the physical universe in all its facets. Open to all subfields of physics. No self-nominations.	5/1/2020
<a href="#">Epidemic Preparedness: COVID-19</a>	Wellcome Foundation  UK Department for International Development	\$2,600,000	To strengthen the evidence base to better prevent and control coronavirus (COVID-19) epidemics and to increase research and response capacity. Proposals should focus on helping low- and middle-income countries prepare for and deal with the epidemic. For individuals or teams of up to five members. Not for vaccine development. Applications accepted on a rolling basis but letters of interest should be submitted as soon as possible.	rolling
<a href="#">Project Catapult Academic Program</a>	Microsoft	n/a	Free access to field-programmable gate arrays at the Texas Advanced Computing Center at the University of Texas at Austin. For innovative applications and high-demand research applications, such as machine learning and deep learning algorithms.	rolling

Biological Sciences, Medicine & Engineering				
Program	Funder	Amount	Description	Deadline
<a href="#">Distinguished Scientist Award</a>	Sontag Foundation	\$600,000	Career-development award in brain cancer research. For projects that show potential to generate new knowledge relating to causes, cure or treatment of primary brain tumors/brain cancer. Must have received first independent faculty appointment no earlier than March 1, 2015.	3/16/2020
<a href="#">NARSAD Young Investigator Grants</a>	Brain & Behavior Research Foundation	\$70,000	For promising young scientists conducting neurobiological and psychobiological research, to either extend research fellowship training or begin careers as independent research faculty. Basic and/or clinical investigators are supported, but research must be relevant to serious brain and behavior disorders. Eligibility: advanced post-doctoral fellows, instructors and assistant professors. Must already be employed in research training, or be in a faculty research position.	3/18/2020
<a href="#">Invisible Shield QuickFire Challenge</a>	Johnson & Johnson  Biomedical Advanced Research and Development Authority	\$200,000	For potential solutions that repel and protect individuals and communities from respiratory pathogens, including airborne viruses, while integrating seamlessly into everyday life. No idea is too big or too early for consideration	3/20/2020
<a href="#">Scholar-Innovator</a>	Harrington Discovery Institute	\$100,000	For physician-scientist innovators whose research has the potential to change standard of care	3/27/2020

Biological Sciences, Medicine & Engineering				
Program	Funder	Amount	Description	Deadline
<a href="#">Child Health Research Awards Program</a>	Charles H Hood Foundation	\$165,000	For hypothesis-driven clinical, basic science, public health, health services research, and epidemiology projects with direct relevance to child health. To support newly independent faculty, provide the opportunity to demonstrate creativity, and assist in the transition to other sources of funding. Eligibility: Ph.D. scientists within five years and physician scientists within seven years of employment following conclusion of training.	3/27/2020
<a href="#">Seed Grant Program</a>	Society to Improve Diagnosis in Medicine	\$50,000	For care-delivery systems to conduct diagnostic quality and safety improvement projects. Grantees will be asked to identify opportunities for improvement and potential interventions, evolve the interventions through small tests of change to increase their effectiveness, build the level of evidence supporting the intervention's effectiveness, and, where appropriate, increase impact through further opportunities to "scale and spread" utilization. There will be three award cycles.	3/30/2020
<a href="#">Patient Education in Chronic Myeloid Leukemia</a>	Pfizer	\$200,000	For projects that focus on advancing patient education about Chronic Myeloid Leukemia and improving the patient's ability to make informed decisions about their care.	4/7/2020
<a href="#">New Investigators Research Grant</a>	American Speech-Language-Hearing Foundation	\$10,000	To further new investigators' research activities by funding preliminary studies that could launch larger-scale research studies. Research, while not limited in topic, should be focused to match a one-year scope and should have clinical relevance to audiology and/or speech-language pathology. Eligibility: completed Ph.D. or equivalent research doctorate within the past five years; no external research funding yet.	4/15/2020

Biological Sciences, Medicine & Engineering				
Program	Funder	Amount	Description	Deadline
<a href="#">Opportunity Awards</a>	James S. McDonnell Foundation	\$250,000	<p>Seed funding for using new theories, tools and techniques to re-examine how biology and experience contribute to the ongoing development of cognition and behavior across the lifespan. Individual projects need not cover the full human life span.</p> <p>Opportunity Awards can be used:</p> <ul style="list-style-type: none"> <li>- to support collaboration or to obtain training that allows new theories and new tools to be incorporated into ongoing research;</li> <li>- to provide a researcher with supported time while acquiring new skills and knowledge;</li> <li>- to pilot or test novel experimental approaches and to allow laboratories primarily using artificial laboratory-constrained tasks to explore behavioral studies with more natural free flowing behaviors;</li> <li>- to refine and extend the temporal dimension of data acquisition allowing for more dynamic assessments of how behavior unfolds over time;</li> <li>- to diversify and expand study populations.</li> </ul>	4/14/2020
<a href="#">ADDF-Harrington Scholar Program</a>	Alzheimer's Drug Discovery Foundation	\$600,000	Proposals should show potential to advance discovery into meaningful therapeutics designed to treat, prevent, or slow Alzheimer's disease or related dementias. Team should possess intellectual property (IP) or have potential for novel IP. Researchers working on drug development programs that are relevant to but not presently focused on the Alzheimer's field are strongly encouraged to apply.	4/20/2020
<a href="#">Summer 2019 Pilot Award</a>	Simons Foundation	\$300,000	Early support for exploratory ideas, particularly those with novel hypotheses for autism. Appropriate projects include those considered higher risk with less assurance of ultimate impact, but with the potential for transformative results. Investigators new to the field of autism are encouraged to apply for these awards.	4/24/2020

Biological Sciences, Medicine & Engineering				
Program	Funder	Amount	Description	Deadline
<a href="#">Mentored Research Awards</a>	International Anesthesia Research Society	\$175,000	For any area of investigation (clinical, translational, basic science) that has ultimate relevance to the broad practice of anesthesiology and its subspecialties. Principal applicant must be IARS member who has yet to establish substantial independent research funding or who is initiating a new area of research.	4/30/2020
<a href="#">Research Fellowship Awards</a>	Crohn's & Colitis Foundation	\$174,750	For postdocs to develop skills related to basic and/or clinical investigation in the field of inflammatory bowel disease (IBD) or Crohn's disease and ulcerative colitis. Two annual deadlines for letters of intent: May 5 and November 8.	5/5/2020
<a href="#">Career Development Awards</a>	Crohn's & Colitis Foundation	\$270,000	Mentored awards intended to facilitate the development of individuals with research potential to prepare for a career of independent basic and/or clinical investigation in the area of inflammatory bowel disease. Candidates should not be more than ten years beyond the doctoral degree. Two annual deadlines for letters of intent: May 5 and November 8.	5/5/2020

Biological Sciences, Medicine & Engineering				
Program	Funder	Amount	Description	Deadline
<a href="#">Senior Research Awards</a>	Crohn's & Colitis Foundation	\$347,490	For independent researchers with projects relevant to Inflammatory Bowel Disease or Crohn's disease and/or ulcerative colitis. The program aims to provide established researchers with funds to generate sufficient preliminary data to become competitive for funds from other sources such as the National Institutes of Health. Two annual deadlines for letters of intent: May 5 and November 8.	5/5/2020
<a href="#">Research Grants</a>	Gerber Foundation	\$350,000	For projects that improve the nutrition, care and development of infants and young children from the first year before birth to three years of age. Particular interest in fresh approaches to solving common, everyday problems or emerging issues. Projects should focus on issues faced by care providers that, when implemented, will improve the health, nutrition and/or developmental outcomes for infants and young children. The board is particularly looking for practical solutions that can be easily and rapidly implemented on a broad scale with a predictable time frame to clinical application. Two annual deadlines for concept papers: May 15 and November 15.	5/15/2020
<a href="#">Litwin IBD Pioneers</a>	Crohn's & Colitis Foundation	\$260,000	For research in the basic biomedical and clinical sciences, which is likely to increase our understanding of the etiology, pathogenesis, therapy, and prevention of inflammatory bowel diseases. Collaborative efforts between basic scientists and clinicians are encouraged.	5/20/2020

Biological Sciences, Medicine & Engineering				
Program	Funder	Amount	Description	Deadline
<a href="#">Clinical Scientist Development Awards</a>	Triological Society	\$400,000	Supplemental funding to otolaryngologists-head and neck surgeons who have received a new NIH Mentored Clinical Scientist Development Award (K08/K23) or have an existing award with a minimum of 3 years remaining in the funding period as of October 1 of the application year. Must be Associate Fellows or Fellows of the American College of Surgeons.	5/22/2020
<a href="#">Clinical Scientist Development Awards</a>	Triological Society  American College of Surgeons	\$400,000	Supplemental funding to otolaryngologist-head and neck surgeons who receive NIH Mentored Clinical Scientist Development Awards (K08) or Mentored Patient Oriented Research Development Awards (K23).	5/22/2020
<a href="#">Human Biology Fellowship Award</a>	Huntington's Disease Society of America	\$150,000	Huntington's Disease research. Preference given to young investigators (PhD and/or MDs) who are not yet independent.	5/22/2020
<a href="#">Peter and Patricia Gruber International Research Award</a>	Society for Neuroscience	\$25,000	For outstanding neuroscience research and educational pursuit by non-U.S. citizens or permanent residents. Eligibility: postdoctoral fellow, research associate and/or advanced graduate student at the time of the nomination or have ended this stage in their career in the immediate past calendar year.	5/22/2020

Biological Sciences, Medicine & Engineering				
Program	Funder	Amount	Description	Deadline
<a href="#">Young Investigator Award</a>	Society for Neuroscience	\$15,000	For outstanding achievements and contributions by a young neuroscientist who has demonstrated scholarly independence. Must show evidence of heading an independent research laboratory. Eligibility: PhD or MD (or equivalent) awarded within the past 10 years (clock stops for child-care leave). Post-docs are ineligible.	5/22/2020
<a href="#">Goergen High Impact/High Priority Research Grant</a>	Foundation for Physical Therapy	\$360,000	For a physical therapist investigator aiming to focus on the role of physical therapy in the prevention of secondary health conditions, impairments of body structures and functions, activity limitations, and/or participation restrictions.	5/31/2020
<a href="#">Gene &amp; Anti-TFPI Therapies in Hemophilia</a>	Pfizer	\$250,000	For projects in following areas: 1. Basic Science of Gene Therapy for Hemophilia 2. Basic Science of TFPI & Anti-TFPI Monoclonal Antibodies 3. Burden of disease: Clinical Hemophilia A and B	6/15/2020
<a href="#">Epidemic Preparedness: COVID-19</a>	Wellcome Foundation  UK Department for International Development	\$2,600,000	To strengthen the evidence base to better prevent and control coronavirus (COVID-19) epidemics and to increase research and response capacity. Proposals should focus on helping low- and middle-income countries prepare for and deal with the epidemic. For individuals or teams of up to five members. Not for vaccine development.
