Strategic Response				
Program	Funder	Amount	Description	Deadline
Nurses Innovate QuickFire Challenge in COVID-19 Patient Care	Johnson & Johnson	\$100,000	For nurses to submit ideas aiming to improve COVID-19 patient care.	9/29/20
Ignacio H. de Larramendi Research Grants	Fundación MAPFRE	\$35,000	For research projects in these areas of Health Promotion: <ul style="list-style-type: none"> - Strategies for habit change: prevention of obesity and promotion of physical activity - Patient education - Physical injury assessment - Health management: clinical quality and safety Special attention will be given to the projects which, while taking into account the above topics, incorporate aspects related to COVID-19 such as: reducing infections, self-care and the culture of self-protection, relationship between previous health status (lifestyle) and morbimortality, COVID-19 and mental health, etc.	10/30/20
Research Grants	Russell Sage Foundation	\$175,000	For social-science research in these program areas: <ul style="list-style-type: none"> - Future of Work; - Race, Ethnicity and Immigration; - Social, Political and Economic Inequality; - Immigration & Immigrant Integration. Proposals to the above programs must address at least one of the following issues: <ul style="list-style-type: none"> - Research on the COVID-19 pandemic and resulting U.S. recession; - Research focused on systemic racial inequality and/or the recent mass protests in the U.S. 	11/11/20

Limited Application				
Program	Funder	Amount	Description	Deadlines
WiSTEM2D Scholars Program	Johnson & Johnson	\$150,000	<p>For untenured female assistant professors working in these fields with these minimum degrees:</p> <ul style="list-style-type: none"> - Science; M.D., Ph.D. - Technology; Ph.D. - Engineering; Ph.D. - Math; M.S., Ph.D. - Manufacturing; Ph.D. - Design; M.A., M.S., MDes, MArch, MFA, MLA, Ph.D. <p>LIMITED SUBMISSION -- INTERNAL APPLICATION REQUIRED</p> <p>Dartmouth may submit one application in each of the six fields. To apply for this opportunity, email the following to limitedfunding@dartmouth.edu: one-page description of your project and current CV. Use "WiSTEM2D" as the email subject line.</p>	<p>Internal deadline: 9/1/20</p> <p>External deadline: 10/3/20</p>

Limited Application				
Program	Funder	Amount	Description	Deadlines
Gilliam Fellowships for Advanced Study	Howard Hughes Medical Institute	\$150,000	<p>For Ph.D. students from under-represented groups and their advisers; who are working in the biomedical or life sciences, or on biological questions in related disciplines. Student-adviser pairs must be committed to the advancement of diversity and inclusion in science. No dual-degree students (e.g., M.D./Ph.D.). The adviser will be the primary applicant.</p> <p>Eligibility:</p> <ul style="list-style-type: none"> - Second- or third-year Ph.D. student, who will have advanced to candidacy by September 1, 2021. - U.S. citizens, U.S. permanent residents, undocumented childhood arrivals, or undocumented individuals who have been granted temporary permission to stay in the US (DACA). - Must identify with a group historically marginalized or underrepresented in A9science. This may involve race or ethnicity; physical or mental disability; or social, cultural or educational background. - Alumni of HHMI's Exceptional Research Opportunities Program (EXROP) are also eligible, and do not count against Dartmouth's nomination limit. <p>LIMITED SUBMISSION -- INTERNAL APPLICATION REQUIRED</p> <p>Dartmouth may nominate three student-adviser pairs. To apply for this opportunity, email the following to limitedfunding@dartmouth.edu: one-page summary of your research; letter of nomination from your faculty adviser; current CV. Use "Gilliam Fellowships" as the email subject line.</p>	<p>Internal deadline: 9/2/20</p> <p>External deadline: 9/14/20</p>

Limited Application				
Program	Funder	Amount	Description	Deadlines
Blavatnik National Awards for Young Scientists	Blavatnik Family Foundation New York Academy of Sciences	\$250,000	<p>For faculty-rank researchers age 42 or younger in these three categories:</p> <ul style="list-style-type: none"> - Life Sciences - Physical Sciences & Engineering - Chemistry <p>One award will be made in each category. Age-limit exceptions considered in exceptional circumstances. The Academy strongly encourages the nomination of women and members of other historically underrepresented groups in science and engineering.</p> <p>LIMITED SUBMISSION -- INTERNAL APPLICATION REQUIRED</p> <p>Dartmouth may nominate one person in each category. To apply for this opportunity, email the following to limitedfunding@dartmouth.edu: one-page description of your project idea; total amount of your funding request; current CV. Use "Blavatnik" as the email subject line.</p>	<p>Internal deadline: 9/16/20</p> <p>External deadline: 10/28/20</p>
Ph.D. Fellowship	Google	not specified	<p>Full tuition and fees plus stipend for Ph.D. students in computer science and related fields. Connection with a Google Research Mentor.</p> <p>LIMITED SUBMISSION -- INTERNAL APPLICATION REQUIRED</p> <p>Dartmouth may nominate two students without restriction and up to two more who identify as Black/African American, American Indian/Alaskan Native, Hispanic/Latinx, Native Hawaiian/Pacific Islander and/or person with a disability. To apply for this opportunity, email the following to limitedfunding@dartmouth.edu: one-page description of your project and current CV. Use "Google PhD Fellowship" as the email subject line.</p>	<p>Internal deadline: 10/12/20</p> <p>External deadline: 11/30/20</p>

Cross-cutting/Multi-disciplinary				
Program	Funder	Amount	Description	Deadline
Linked Standard Research Innovation Grants	American Foundation for Suicide Prevention	\$450,000	Grants awarded to investigators at any level performing suicide-prevention research involving two or more unique sites with each site contributing unique expertise, as well as data collection.	9/15/20
People's Expectations and Experiences with Digital Privacy	Facebook	\$100,000	To establish a practical and scalable understanding of how to honor people's privacy with consideration to the different contexts in which people experience and or use Facebook products. Seeking applications from across the social sciences and technical disciplines, including but not limited to disciplines such as anthropology, communications, computer science, economics, engineering, human-computer interaction, human factors, political science, social psychology, and sociology. Most notably, applications that are interdisciplinary and seek collaboration across fields are particularly welcome. Research methodologies that use qualitative, quantitative, ethnographic, and/or mixed method approaches are all welcome.	9/16/20
Fellowships	American Council of Learned Societies	\$60,000	Salary replacement to help scholars in the humanities and humanistic social sciences devote six to twelve continuous months to full-time research and writing. Must have earned PhD on or after October 1, 2012 and be untenured.	9/30/20
Religion, Journalism & International Affairs Fellowships	American Council of Learned Societies	\$63,000	To deepen public understanding of religion by advancing innovative scholarship on religion in international contexts and equipping individual scholars and institutions of higher education with the capacities to connect their work to journalism and the media and to engage audiences beyond the academy. For scholars in all disciplines of the humanities and related social sciences.	10/28/20

Cross-cutting/Multi-disciplinary				
Program	Funder	Amount	Description	Deadline
Howard Fellowships	George A. and Eliza Gardner Howard Foundation	\$35,000	<p>Fellowships for independent projects in selected fields in a five-year rotation. The fields for the 2021 awards are:</p> <ul style="list-style-type: none"> - Creative Nonfiction - History <p>Provides early mid-career artists, scholars and writers with time to complete their work. Should have completed formal studies within 5-15 years and also have completed at least one major project (e.g. publication or exhibition) beyond degree requirements. Not for publication subsidies, equipment purchase, preparation of exhibits or institutional programs.</p>	11/1/20
Henry Luce Foundation/ACLS Program in China Studies	American Council of Learned Societies	\$50,000	<p>For pre-tenure scholars in the humanities and the humanities-related social sciences who are preparing their PhD dissertations for publication, or who are embarking on new research projects.</p> <p>Early Career fellowships support research and writing with a priority given to proposals based on the applicant's research in China. Research in Hong Kong, Macau, Tibet, Xinjiang, and Taiwan is eligible. Research may also be conducted on Chinese culture and society outside these areas, as required by the research plan. However, diaspora studies are not eligible (e.g., the history of Chinese in America is not eligible).</p>	11/2/20

Cross-cutting/Multi-disciplinary				
Program	Funder	Amount	Description	Deadline
Career Enhancement Adjunct Faculty Fellowship	Woodrow Wilson National Fellowship Foundation	\$10,000	For Mellon Mays Undergraduate Fellowship alumni who are adjunct faculty in these fields: Humanities - America and English Literatures - Foreign Languages and Literatures (including Area/Cultural/Ethnic/Gender Studies) - Art History - Classics - Film, Cinema and Media Studies (theoretical focus) - History - Linguistics - Musicology and Ethnomusicology - Performance Studies (theoretical focus) - Philosophy and Political Theory - Religion and Theology - Theater (non-performance focus) Social Sciences - Anthropology and Archaeology; - Demography - Geography and Population Studies - Sociology	11/6/20
Distinguished Investigator Innovation Grants	American Foundation for Suicide Prevention	\$125,000	For research to contribute to the understanding and ultimate prevention of suicide, or to the treatment of suicidal individuals.	11/15/20
Standard Research Innovation Grants	American Foundation for Suicide Prevention	\$100,000	For research on suicide from a variety of disciplines including psychiatry, medicine, psychology, genetics, epidemiology, neurobiology, sociology, nursing, health services administration, social work, and many others.	11/15/20

Cross-cutting/Multi-disciplinary				
Program	Funder	Amount	Description	Deadline
Young Investigator Innovation Grants	American Foundation for Suicide Prevention	\$90,000	For mentored research in suicide prevention by investigators at or below the level of assistant professor.	11/15/20
Humboldt Alumni Award for Innovative Networking Initiatives	Alexander von Humboldt Foundation	\$35,000	For previous Humboldt fellowship and award winners.	11/30/20

Arts & Humanities				
Program	Funder	Amount	Description	Deadline
Curatorial Research Grants	Paul Mellon Centre for Studies in British Art	\$53,000	For institutions, galleries or museums to help towards the costs of appointing a Research Curator to undertake research for a specific project.	9/30/20
Digital Project Grants	Paul Mellon Centre for Studies in British Art	\$53,000	To help support a curator or research scholar undertaking a digital research project or research which will lead to a digital or online project.	9/30/20
Collaborative Project Grants	Paul Mellon Centre for Studies in British Art	\$53,000	To support the development of innovative collaborative research projects between two or more organisations in the field of British art and architecture. The grant is intended to provide seed-money to fund a research project in which two or more partner organisations are involved and is designed to cover practical costs for enhancing the collaborative research project, including costs associated with travel, accommodation, meetings and scholarly workshops or events.	9/30/20
Publication Grants	Paul Mellon Centre for Studies in British Art	\$13,000	To publishers, institutions and/or authors to offset costs incurred in producing works of scholarship in print or in other media.	9/30/20
Event Support Grants	Paul Mellon Centre for Studies in British Art	\$4,000	For institutions hosting events in the field of British art or architectural history. Supports the practical expenses incurred in hosting lectures, conferences, workshops, symposia and seminars for scholars or provided at a scholarly level for the general public.	9/30/20
Performing Arts Japan	Japan Foundation (New York)	\$30,000	To introduce Japanese performing arts outside major metropolitan areas. Two types of grants: touring grants and collaboration grants. The latter are for the collaboration of Japanese and American/Canadian artists to create a new work through research, residencies, artists' discussions, etc.	11/2/20

Arts & Humanities				
Program	Funder	Amount	Description	Deadline
Buddhist Critical Editions and Scholarly Translations	American Council of Learned Societies	\$80,000	These grants support a broad range of endeavor, from the creation of critical editions (with full scholarly apparatus), to translation of canonical texts into modern vernaculars, to the translation of scholarly works on Buddhism from one modern language into another. Collaborative projects will receive priority. Award funds can be used as stipends for work performed (e.g., to secure release time), for travel, and for related office costs, including reproduction or digitization of images.	11/16/20
Public Art Learning Fund	New England Foundation for the Arts	\$2,000	For professional development opportunities for New England artists to strengthen their public art practices. Priority themes: <ul style="list-style-type: none"> - Removing barriers to access - Valuing geographic diversity within the region - Advancing the evolving field of public art - Specifically expanding an artist's public art practice. 	11/16/20

Social Sciences & Business/Entrepreneurship				
Program	Funder	Amount	Description	Deadline
Pipeline Grants	Russell Sage Foundation	\$50,000	Projects must contribute to Russell Sage Foundation's mission to improve social and living conditions in the United States. Appropriate projects will demonstrate use of relevant theory, data, methods and measures in the research design. Only tenure track assistant professors, and associate professors who have been in the rank for less than seven years are eligible to apply. The program seeks to promote racial, ethnic, gender, disciplinary, institutional, and geographic diversity and will prioritize applications from scholars who are underrepresented in the social sciences.	11/4/20
Special Programme Security, Society and the State	Gerda Henkel Foundation	not specified	<p>For new security-related issues that are prime examples of the post-Cold-War era but have been largely neglected in mainstream research. The program is intended to encourage junior scholars to pursue unconventional research agendas that are nonetheless crucial, while providing senior scholars with the opportunity to focus intensively on work in progress for a limited period.</p> <p>Topics of interest:</p> <ul style="list-style-type: none"> - Challenges of new technologies - Public policy and human security - Patterns of conflict resolution between the state and traditional actors - Non-governmental actors as partners and contenders of the state - Security and communication strategies between doctrine formation and implementation 	11/30/20

Physical Sciences, Mathematics & Engineering				
Program	Funder	Amount	Description	Deadline
Amazon Research Awards - Robotics	Amazon	\$80,000	For robotics research in these areas: <ul style="list-style-type: none"> - Human-Robot Interaction - Autonomous Navigation and Mobility - Manipulation - Multi-robot systems - Artificial Intelligence for Robotics 	10/11/20
Amazon Research Awards - AI for Information Security	Amazon	\$80,000	For machine-learning research on the following topics in information security: <ul style="list-style-type: none"> - Threat, intrusion and anomaly detection for cloud security - ML for malware analysis and detection - Finding security vulnerabilities using ML - Protecting and preserving data privacy in the cloud - Learning with limited/noisy labels and weakly supervised learning - Causal inference for information security - Graph modeling and anomaly detection on graphs - Zero/One-shot learning for information security 	10/11/20
Amazon Research Awards - Alexa Fairness in AI	Amazon	\$80,000	For research projects on the following topics: <ul style="list-style-type: none"> - Transparency, explainability, and accountability in AI systems - Theories of computational/algorithm fairness and factors that affect algorithmic trustworthiness - Detecting and ameliorating adverse biases in data and algorithms, and fairness-aware design of algorithms - Metrics and methods for designing, piloting, and evaluating systems that mitigate against adverse biases and ensure fairness, including the use of human-machine collaboration and decision support 	10/11/20
Amazon Research Awards - AWS AI	Amazon	\$80,000	For machine-learning research on these topics: <ul style="list-style-type: none"> - Development of open-source tools and research that benefit the machine learning community at large; - Impactful research that uses selected machine-learning tools on Amazon Web Services (AWS). 	10/11/20

Physical Sciences, Mathematics & Engineering				
Program	Funder	Amount	Description	Deadline
Amazon Research Awards - AWS Automated Reasoning	Amazon	\$80,000	For research on automated reasoning technology in these categories: <ul style="list-style-type: none"> - Automated reasoning, including model checking - Theorem proving - Invariant discovery - Improvements to SAT/SMT solvers - Correct-by-construction software - Abstract interpretation - Static analysis 	10/11/20
Roger Adams Award in Organic Chemistry	American Chemical Society	\$25,000	To recognize and encourage outstanding contributions to research in organic chemistry.	11/1/20
Dreyfus Prize in the Chemical Sciences	Camille & Henry Dreyfus Foundation	\$250,000	For exceptional and original research that has advanced Environmental Chemistry. No self-nominations.	12/3/20

Biological Sciences, Medicine & Engineering				
Program	Funder	Amount	Description	Deadline
Awards for Advancing Chronic Pain Research	Pfizer Eli Lilly	\$200,000	For innovative, novel research proposals that seek to advance the understanding and management of chronic pain.	9/15/20
Community Exposures Associated with Unconventional Oil and Natural Gas Development	Health Effects Institute	\$2,500,000	For research to improve characterization of potential human exposures originating directly from the onshore development of oil and natural gas from shale and other unconventional, or low permeability, resources in the United States (fracking). September 24 deadline is for a preliminary application. Invited full applications will be due in January 2021.	9/24/20
Faculty Innovation in Education Award	American Board of Psychiatry and Neurology	\$100,000	For licensed M.D.s with faculty appointments in psychiatry or neurology. For any project relevant to the education and/or assessment of psychiatrists and neurologists will be considered. Particular interest in these areas: Innovative approaches to train program directors to implement clinical skills evaluations; Innovative approaches to faculty development for conducting clinical skills evaluations; Innovative approaches to the development and assessment of professional competence; Strategies to promote lifelong learning; Innovative curricula for continuing certification (maintenance of certification), including teaching about MOC in residency; Strategies to promote public education about and input into Board certification; Strategies to promote physician resilience and to prevent burnout.	10/12/20
Research Award	American Board of Psychiatry and Neurology	\$100,000	For faculty in psychiatry or neurology. For projects that promote and assess the competency of psychiatry and neurology candidates for initial and continuing certification (maintenance of certification). The focus of the Research Award is on deepening our understanding of aspects of the development, maintenance, and assessment of competence in psychiatry/neurology.	10/19/20
Award for Cancers of the Esophagus and Stomach	DeGregorio Family Foundation	\$250,000	For collaborative research on the pathogenesis, early diagnosis, and treatment of upper gastrointestinal malignancies. Research proposals must not have current funding.	11/3/20

Biological Sciences, Medicine & Engineering				
Program	Funder	Amount	Description	Deadline
General RFP	Melanoma Research Alliance	not specified	For high-impact pre-clinical, translational, and early clinical research that has the potential to lead to near-term clinical application in melanoma prevention, detection, diagnosis, staging, and treatment. Programs: Established Investigator, Academic-Industry Partnership, Young Investigator, and Pilot Awards. Special opportunities are available in Immunotherapy, Radiation Oncology and Pediatric Melanoma. First deadline for Young Investigator Award is October 21, 2020.	11/4/20
Research Scholar Award	American Urological Association Inc.	\$80,000	Mentored research training awards to recruit outstanding young investigators into urologic research For clinical and postdoctoral fellows who are no more than five years beyond completing a doctorate or residency; and early career investigators who are in the first five years after beginning a faculty position	11/5/20
Research Scholar Award	American Gastroenterological Association	\$300,000	For early-career faculty (investigator, instructor, research associate or equivalent) working toward an independent career in digestive disease research. Basic, translational, or clinical projects. Eligibility: Ph.D. awarded or clinical training completed no more than seven years before July 2021.	11/9/20
Takeda Pharmaceuticals Research Scholar Award in Inflammatory Bowel Disease	American Gastroenterological Association	\$300,000	For early-career faculty (investigator, instructor, research associate or equivalent) working toward an independent career in inflammatory bowel disease research. Basic, translational, or clinical projects. Eligibility: Ph.D. awarded or clinical training completed no more than seven years before July 2021.	11/9/20
Alzheimer's Disease Research Program - Standard	BrightFocus Foundation	\$300,000	For researchers who have already generated some amount of preliminary data, but are often required to demonstrate additional, significant progress before they can apply to governmental or industrial funding agencies.	11/10/20
National Glaucoma Research Program	BrightFocus Foundation	\$200,000	For pioneering research leading to greater understanding, prevention, and treatment of glaucoma.	11/10/20

Biological Sciences, Medicine & Engineering				
Program	Funder	Amount	Description	Deadline
Technology Impact Award	Cancer Research Institute	\$200,000	Seed funding to address the gap between technology development and clinical application of cancer immunotherapies. These grants aim to encourage collaboration between technology developers and clinical cancer immunologists and to generate the proof-of-principle of a novel platform technology in bioinformatics, ex vivo or in silico modeling systems, immunological or tumor profiling instrumentation, methods, reagents and assays, or other relevant technologies that can enable clinician scientists to generate deeper insights into the mechanisms of action of effective or ineffective cancer immunotherapies.	11/15/20
Clinical Scientist in Nephrology Fellowship Program	American Kidney Fund	\$160,000	To enhance the training of nephrologists who wish to pursue an academic career and whose primary professional commitment is to scholarship in the provision of patient care. Fellows conduct prevention and outcomes research while receiving advanced training in essential skills such as medical ethics, biostatistics and epidemiology.	11/23/20
Hemophilia Awards Program - Clinical Research	Bayer	\$75,000	For clinical research in the bleeding disorders field. Focus areas for such projects include, but are not limited to: <ul style="list-style-type: none"> - Microbleeds - Subclinical bleeds - Joint pain - Patient-reported outcomes - Role of FVIII vs. non-FVIII replacement therapy - Lab monitoring, etc. 	11/30/20

Graduate/Postdoctoral				
Program	Funder	Amount	Description	Deadline
Mistletoe Research	Momenta Foundation	\$10,000	For postdoctoral fellows in most STEM fields and some fields of social science. Core training must heavily emphasize quantitative analysis, data manipulation, laboratory science or engineering. Provides opportunities to collaborate with startups with a high potential for social and humanitarian impact. Unrestricted grant can be used over the course of a single academic year for almost any university-approved research-related activity, including conference travel support, purchases of equipment, and software and database licenses. IP will be owned by the foundation.	9/4/20
Congenital Heart Defect Research Awards	American Heart Association	not specified	For doctoral students who are actively conducting research directly related to advancing the prevention, diagnosis, and treatment of congenital heart defects. For research training with a sponsor prior to embarking upon a research career.	9/22/20
AACR-Astrazeneca Stimulating Therapeutic Advances Through Research Training (START) Grants	American Association for Cancer Research	\$225,000	To work for one year at an AstraZeneca facility on a mentored cancer research project. The research proposed for funding must have direct applicability to cancer with a specific focus on DNA Damage Response pathways or epigenetics and may be basic, translational, or clinical in nature.	10/6/20
NAFSI Scholarship Program	First Nations Development Institute	\$1,000	For tribally-affiliated undergraduate or graduate students majoring in an agricultural-related field, or a degree program that relates to Native food systems.	10/15/20
Hertz Graduate Fellowship	Fannie & John Hertz Foundation	\$185,000	For incoming and first-year Ph.D. students in the applied physical, biological, and engineering sciences, including applied mathematics, statistics, and quantitative aspects of modern biology. Dartmouth is not currently a participating school, but if your application is accepted, Hertz will attempt to negotiate an agreement with Dartmouth.	10/23/20

Graduate/Postdoctoral				
Program	Funder	Amount	Description	Deadline
Henry Luce Foundation/ACLS Program in China Studies	American Council of Learned Societies	\$50,000	For pre-tenure scholars in the humanities and the humanities-related social sciences who are preparing their PhD dissertations for publication, or who are embarking on new research projects. Early Career fellowships support research and writing with a priority given to proposals based on the applicant's research in China. Research in Hong Kong, Macau, Tibet, Xinjiang, and Taiwan is eligible. Research may also be conducted on Chinese culture and society outside these areas, as required by the research plan. However, diaspora studies are not eligible (e.g., the history of Chinese in America is not eligible).	11/2/20
Postdoctoral Research Fellowship & Leadership Award	A.P. Giannini Family Foundation	\$171,000	For innovative research in the basic sciences and applied fields. The research should advance the translation of biomedical science into treatments, prevention and cures for human diseases. For physician-scientists and junior researchers with 3-36 months of postdoctoral research experience in their mentor's laboratory as of December 31, 2020.	11/4/20
Research Scholar Award	American Urological Association Inc.	\$80,000	Mentored research training awards to recruit outstanding young investigators into urologic research For clinical and postdoctoral fellows who are no more than five years beyond completing a doctorate or residency; and early career investigators who are in the first five years after beginning a faculty position	11/5/20
Alzheimer's Disease Research Program - Postdoctoral Fellowships	BrightFocus Foundation	\$200,000	For young researchers in their final stages of mentored training. These awards fund projects in an established laboratory that will serve as the basis for the applicant's own independent research career. No more than five years from doctoral degree or end of residency.	11/10/20
Postdoctoral Research Fellowship Innovation Grants	American Foundation for Suicide Prevention	\$120,000	For suicide-prevention investigators who have received a Ph.D., M.D., or other doctoral degree within the preceding six years and have had no more than three years of fellowship support.	11/15/20

Graduate/Postdoctoral				
Program	Funder	Amount	Description	Deadline
International Fellowships	American Association of University Women	\$30,000	For women from countries other than the U.S.A. who are pursuing full-time graduate or postdoctoral study. Recipients are selected for academic achievement and demonstrated commitment to women and girls.	11/15/20
Elizabeth Munsterberg Koppitz Child Psychology Graduate Student Fellowship	American Psychological Association	\$25,000	For graduate students in child psychology. Must have completed doctoral candidacy.	11/15/20
Career Development Grants	American Association of University Women	\$12,000	For women who, through additional higher education, technical training, or participation in professional development institutes, are making career changes, seeking to advance in current careers, or re-entering the workforce. Primary consideration is given to women of color and women pursuing credentials in nontraditional fields. Last degree received on or before June 30, 2013.	11/15/20
Amelia Earhart Fellowship	Zonta International Foundation	\$10,000	For women pursuing a Ph.D./doctoral degree who demonstrate a superior academic record in the field of aerospace-related sciences or aerospace-related engineering	11/15/20
Postdoctoral Fellowships in Buddhist Studies	American Council of Learned Societies	\$144,000	Two years of funding to recent recipients of the PhD for residence at a university for the purpose of revising the dissertation into a publishable manuscript or for beginning the first new project after completion of the PhD degree. The teaching of one course per year is encouraged.	11/16/20
Research Fellowships in Buddhist Studies	American Council of Learned Societies	\$70,000	For research and teaching in Buddhist studies. Ph.D. must be completed by November 16, 2020 (including defense and revisions) and be conferred by May 31, 2021.	11/16/20
Spencer Postdoctoral Fellowship	National Academy of Education	\$70,000	Non-residential postdoctoral fellowships for early-career scholars working in critical areas of education research. Must have received their PhD, EdD, or equivalent research degree between January 1, 2015, and December 31, 2019.	11/18/20

Graduate/Postdoctoral				
Program	Funder	Amount	Description	Deadline
Hemophilia Awards Program - Fellowship Project	Bayer	\$80,000	For applicants who have completed medical training and have an interest in pursuing a career as a hemophilia clinician. The award will support a mentored physician for one year, who will be expected to undertake a research project as well as clinical training.	11/30/20
Hemophilia Awards Program - Basic Research	Bayer	\$75,000	For basic research project in the bleeding disorders field. Focus areas for such projects include, but are not limited to: <ul style="list-style-type: none"> - Role of FVIII outside of coagulation - Inhibitors - Immunogenicity - Lab monitoring research and applications. 	11/30/20
Special Programme Security, Society and the State	Gerda Henkel Foundation	not specified	For new security-related issues that are prime examples of the post-Cold-War era but have been largely neglected in mainstream research. The program is intended to encourage junior scholars to pursue unconventional research agendas that are nonetheless crucial, while providing senior scholars with the opportunity to focus intensively on work in progress for a limited period. Topics of interest: <ul style="list-style-type: none"> - Challenges of new technologies - Public policy and human security - Patterns of conflict resolution between the state and traditional actors - Non-governmental actors as partners and contenders of the state - Security and communication strategies between doctrine formation and implementation 	11/30/20
