Fundriver Reporting

What Is Fundriver?

Fundriver is a web-based endowment management software program that allows Dartmouth to more effectively and efficiently manage the endowment. The Fundriver Departmental Module allows departments access to their endowment funds.

Accessing Fundriver

Access Fundriver through the List of Financial Systems located on the Controller's Office website:
https://www.dartmouth.edu/finance/forms-policies-systems/financial_systems/index.php

Scroll down and select the Department Access option in which you will then come to the Duo Web Authentication screen where you will be prompted for your Net ID and password:

ENDOWMENT

[Endowment Security Gifts \(ESG\)](#), Contact: Institutional.Accounting@Dartmouth.edu

[Fundriver Department Access \(Endowment system\)](#), Contact: Endowment.Fund.System@dartmouth.edu

[Fundriver Main Application \(Endowment system\)](#), Contact: Endowment.Fund.System@dartmouth.edu

An email address for the team to contact with any issues is provided next to the link to the program. This address will be regularly monitored and inquiries will be responded to as promptly as possible.

Important Note:

User accounts will be automatically logged out if they are idle in the system for 60 minutes. This will bring up a Fundriver log in screen that should not be used. If you are logged out by the system, navigate back to the List of Financial Systems on the Finance website and enter through Dartmouth's link.

If the Fundriver log in screen is used the user will not be able to successfully log in and their account will be disabled after 3 tries.

Please contact Endowment.Fund.System@dartmouth.edu if you get locked out of the system.

Fundraiser Reporting

Home Page

The site will open to the home page, from where you can select from the tabs on the left to either view fund information or run reports.

Fund Summary Screen

Here you can see overview data for any fund to which you have been granted access.

The screenshot shows the 'balance' logo and 'Dartmouth College' header. A left sidebar contains navigation links: Home, Funds (selected), Reports, Manage Subscriptions, and Subscribed Reports. A search bar at the top right contains '03397' and has a tooltip that reads 'Enter at least 3 characters of GLID or Fund name to start search.' Below the search bar is a table with the following data:

GLID	Name	Net Asset Classification
03397	ANONYMOUS SCHOLARSHIP #2	PERMANENTLY RESTRICTED

Below the table, it says 'Showing 1 to 1 of 1 entries (filtered from 9,858 total entries)'. At the bottom left, there is a 'Show 10 entries' dropdown menu. At the bottom right, there are 'Previous', '1', and 'Next' navigation buttons.

There are two ways to search a fund to view on the Fund Summary screen:

- Fund number
- Fund name

Once the desired fund is located, click in either the GLID number or the Name field to populate information for that fund on the screen.

Fund Summary Data

Once you have selected a fund, the summary data for that fund will populate the screen.

Reports

Click the Reports tab to access the report selection screen.

Click in the folders of each report grouping to expand the selection and view the available reports in that category.

Fundriver Reporting

Click the report title to select the report you would like to run. The applicable report parameters will appear to the right side of the window.

Report Parameters and Running the Report

Report parameters allow you to specify the data to be included in the report.

Group By	How the funds should be grouped in the report Options include: -None (funds will be listed in default order, usually Fund ID) -Main Dept -Class -Fund Type -Investment Pool -Purpose Category -Spending Rule
----------	--

Parameter	Description
Fund	For single fund reports, this is the fund for which the report will be run. If Fund is not a parameter, the report will show all funds <i>to which you have been granted access</i> .
Start Date	The beginning of the date range for the report. (If there is no parameter for Start Date, the range is fixed either to a single period or year to date based on the End Date.)
End Date	The end of the date range for the report.

Some reports do not require any parameters.

Once the required parameters have been specified, click the run report button. The report will appear in a new browser window.

Important Notes:

- If you have run a previous Fundriver report and that window is still open, the new report will appear in that same window. If that window is no longer visible (because it is behind another window or has been minimized) you need to reactivate the window in order to see the new report.
- If your report contains funds in your department that receive a portion of a distribution from a split fund, please be aware that the report will also reflect the distributions to the other destinations.

Fundriver Reporting

Report Options

Navigation and export options appear at the top of the report screen.

Page Navigation

These navigation buttons allow quick access to the first, last, next or previous page. The number in the white box indicates the page you are currently viewing. A new value can be entered to jump to a specific page.

Magnification

Change the zoom by selecting whole page or a magnification percentage.

*Whole Page magnification works well with many files that have a large amount of columns as it spaces the data so it is all visible without extracting to Excel

Search

These are the search options. Type your search value into the box and click Find. Click Next to locate the next instance of the value.

Export

Select your desired export format from the drop-down list. Click Export to export the report to the selected format. A new window will appear with your report shown in the desired format. It can then be saved using the options for that application.

Refresh

Click this icon to refresh the screen. This likely won't be useful as we only update data about once per month.
