Step 2: You will see a list of the terms in which you have transactions. Click on a particular term to see the account activity in that term. Click on the “Expand All” button to show all the term. Please keep in mind that you may have “new” charges in an “old” term. For some graduate and professional school students, payments may be posted in prior terms, including terms in which you were not enrolled.

Hint: While you may view all activity on this page, it is always a good idea to start by looking at the statement. It has the amount due and the due date. More importantly, the statement includes all account activity. Click on “My Account” and then click on “Statements.”
