

Library Account Confirmation

In response to the attached request, the library has extended Visiting Scholar/Courtesy Appointment library borrowing privileges to the sponsored individual. These privileges are granted for the duration of your collaboration, as specified in the original request. Please keep the library informed if there are subsequent changes to this association.

It is the responsibility of the Visiting Scholar to return all library material and settle any associated fines at the culmination of this agreement. Should this individual fail to respect this agreement and leave the area without honoring their commitment, we will be contacting you to work on resolving the problem and restoring any missing library resources. By working together we can avoid any misappropriation of library material and maintain the integrity of our collections.

A complete listing of library privileges for Visiting Scholars and Courtesy Appointments is available online at: <http://www.dartmouth.edu/~library/circ/visitingscholars.html>

If you have any questions about rights and responsibilities of library users and sponsoring departments, please don't hesitate to contact us at Library.Privileges@Dartmouth.edu or 603-646-0655.

Thank you,

Peter Collins
Access Services Librarian
Dartmouth College Library
