The meeting was called to order at 11:50am.

1. The minutes of the October meeting were unanimously approved.
2. The Library was awarded 3 of the DCAL Experiential Learning grants in Spring 2016. Laura Barrett and Barbara DeFelice discussed the student publishing grant currently in progress and the support that the Library provided in terms of the editing, reviewing, and publication of student journals. Next steps include further discussion of the review process, and investigation of a professional publishing system to support student journals.
3. Sarah Smith presented on two courses that she co-created and taught through the Book Arts Program with support of a DCAL Experiential Learning grant. She is looking for ways to extend similar efforts to other courses.
4. Jen Green presented on scholarly Identity and author rights and solicited feedback from Council members regarding their thoughts on our education and outreach efforts. The Council discussed ways to increase faculty participation in the ORCID system and the Dartmouth Academic Commons.
5. The Council discussed plans for its December meeting with Sue Mehrer. We decided to present reports from Council Members as representatives of each Division regarding how the Library is used in teaching and research and how it can be integrated into the Dartmouth community.

The meeting was adjourned at 1:10pm.
