

ONE PAGER FOR EARTH SCIENCE MAJORS

A SHORT INTRODUCTION TO LIBRARY RESOURCES FOR EARTH SCIENTISTS

COLLECTIONS

Kresge Physical Sciences Library, on the 3rd floor of Fairchild just upstairs from the Earth Sciences Department, holds most of the books in earth sciences and related areas like climatology, geochemistry, and oceanography. Most journals are online, but Kresge's Current Reading Area still gets several print magazines of interest like *Earth*, *American Scientist*, and *Science*. Kresge's Popular Science collection contains books on current topics like climate change, geoengineering, fracking and GMOs.

RESEARCH GUIDE

You can access the Earth Science Research Guide at <http://researchguides.dartmouth.edu/earthsci>. This guide includes links to major geoscience resources such as:

- Databases and journals
- eBooks
- Theses and dissertations
- Geologic maps
- Citation and PDF management

ONLINE RESOURCES

This list includes a few major resources for literature in earth sciences and related areas.

- [GeoScienceWorld](#)
- [GeoRef](#)
- [USGS Publications Warehouse](#)
- [Web of Science](#)

LIBRARIAN

The librarian for earth sciences and related areas is Jane Quigley. Her office is in the Kresge Physical Sciences Library in Fairchild Hall (room 311). Contact Jane for assistance in finding print or electronic resources, to recommend a purchase, for help in conducting an in-depth literature search for a research paper or project, or with any questions about the library.

Phone: 603-646-3564 **Email:** Jane.Quigley@Dartmouth.edu

IMPORTANT SERVICES

The following services are not specific to earth sciences, but are worth noting.

- [BorrowDirect](#) & [DartDoc](#) – Two services that allow you to request books, articles, and other materials that are not available through the Dartmouth College Library
- [Library workshops](#)
- [Off campus access to library resources](#)
