2021 Dartmouth Student Sexual Misconduct Survey

INFORMED CONSENT

**Purpose:** Dartmouth College is conducting this survey to gather information about: student knowledge of sexual misconduct; student experience with sexual misconduct while attending Dartmouth; and student awareness of Dartmouth’s sexual misconduct / Title IX policies and procedures.

By participating you will make an extremely valuable contribution to our understanding of issues related to sexual misconduct on campus. **Even if you feel that you have no direct knowledge of sexual misconduct at Dartmouth, your participation is critical to the success of the survey and the accuracy of the data we collect.**

To help ensure that the data collected represents the views and experiences of the entire campus community, we are inviting all students – undergraduate, graduate, and professional – to participate in the survey. Please complete this survey even if you have completed other surveys this year as part of the Sexual Violence Prevention Project (SVPP). The survey will take at least 15 minutes to complete.

**Thank you:** *Once you submit your survey form, you will receive a $10 Amazon gift code, via email, within 72 hours.* Your participation is critical and will help ensure that the views and experiences of the entire campus community are represented.

**Important note:** Some questions in this survey use explicit language, including anatomical names of body parts and specific behaviors involving sexual situations. This survey also asks about sexual assault and other forms of sexual violence. It is important that we ask the questions in this way so that you are clear what we mean, but this may be upsetting. Your participation in the survey is completely voluntary. You may skip any question you are not comfortable answering and may exit the survey at any time. Resources for support will be available on every page, should you need them.

**Confidentiality:** Please be assured that your responses will be treated in a strictly confidential manner. Information that you provide in this survey is for administrative use only and **does not constitute a formal report to the College;** as such it will not result in any action, disciplinary or otherwise.

If you would like to talk to someone confidentially about questions or concerns relating to sexual misconduct, in addition to or without making a formal report to Dartmouth, please contact Counseling at 603-646-9442 or the WISE Campus Advocate at 866-348-9473.

Should you have issues, concerns, or complaints that you would like to **report to the College,** please contact:

B0 “Sexual assault” and “sexual misconduct” refer to a range of behaviors that are nonconsensual or unwanted. Sexual assault could include threats of force to get someone to engage in sexual behavior such as having or attempting to have sexual contact with another individual without consent, such as sexual intercourse or sexual touching. Sexual misconduct could include remarks about physical appearance or persistent sexual advances. These behaviors could be initiated by someone known or unknown, including someone you are in or have been in a relationship with.

The person with whom you had the nonconsensual or unwanted contact could have been someone you know, such as someone you are currently or were in a relationship with, a co-worker, a professor, or a family member. Or it could be someone you do not know.

The following questions separately ask about contact that occurred because of physical force, incapacitation due to alcohol and/or other drugs, and other types of pressure.

The first few questions ask about incidents that involved physical force or threats of physical force against you. Force could include someone holding you down with their body weight, pinning your arms, hitting or kicking you, or using or threatening to use a weapon against you. Please note, that the next two questions ask separately about incidents that someone did the actions versus tried to do the actions.

G1 Since you have been attending Dartmouth, has someone used physical force or threats of physical force to do the following to you:

Please include incidents even if you are not sure what happened.
