Proposals

Dartmouth College faculty and staff submitted 810 proposals totaling \$919,955,770 during fiscal year 2022. There was a 28% increase in the value of proposals submitted and a 12% decrease in the number of proposals submitted compared with FY21. One proposal ("The NASA Proposal") had a value of 286,097,795, which exceeds the difference in proposal value between FY21 and FY22. The sponsor types that saw the smallest decreases in the number of proposal submissions were **Govt, Non-NIH** (5% decrease) and **NIH** (8% decrease). Submissions to **Foundations** decreased by 12% and submissions to corporations decreased by 17% each. Of the total value of submissions to an **Educational Institution**, 94% came from subawards. Proposed dollars are counted for the entirety of all proposals submitted in FY22, including dollars proposed for later years. As such, the proposed dollars cannot be compared directly with the awarded dollars, as awarded dollars only include dollars awarded for FY22.
