

**Key**

-  Inform Registrar's Office
-  Final approval when a course meets a certain condition
-  Final Approval
-  Final Approval unless has condition
-  Use Dartmouth Course Approval Routing System when applicable

These Curricular Guidelines were developed by the Office of the Registrar, in consultation with the COI and Associate Deans, to provide assistance to Departments and Programs initiating curricular changes. Please note that per the Organization of the Faculty of Dartmouth College, “the chief officer of the A&S Faculty is the Dean of the Faculty. She or he oversees the educational policies and programs of instruction of the Faculty and all matters relating to the effectiveness, development, and well-being of the Faculty” (OFDC 2020, pg. 15). Any curricular change that has a budgetary impact requires final approval from the Dean of Faculty to identify appropriate sources of funding.” Changes may not go into effect or be included in the ORC/Catalog until final approval is granted.
