Tips and Tricks

- Plan your courses early and meet with your academic advisor. Be sure to check your degree audit.
- It does not matter if you elect on the first or last day of course election.
- You can go back and change your elections prior to the processing period.
- You may need more than one type of permission/override to register for a course.
- Give the Faculty/Proxy plenty of time when requesting permission/override.
Course Election Features

- During Course Election, enter your ideal schedule into DartHub based on the Registration Timetable. The resulting schedules are made available a few days after the election period ends for returning students, and later that day for entering students during fall term.
- You may make any needed changes during the “Course Changes” and “Add/Drop” periods.
- Permissions are granted electronically.
- Banner checks prerequisites before you gain entry into a course for the following departments only: Biology, Chemistry, Economics, Mathematics, Psychology and Sociology.
- First Year Seminars and Writing 5 courses are elected at the same time as all other courses. These courses will be highlighted in the Registration Timetable the term when you are scheduled to take them.
