**Reading the Placement Record in the DartWorks Degree Audit**

Quick Reference Guide: Prematriculation Credits on Entrance

http://www.dartmouth.edu/~reg/docs/qrg_placement.pdf

The Prematriculation Credits and Exemptions portion of the DartWorks Degree Audit record appears as the first block of course information on an entering student’s record. It displays all the types of credit on entrance that apply to a student’s record. No prematriculation credit on entrance reduces the credits required for graduation, but may serve as prerequisites for higher-level courses.

**Prematriculation Credits and Exemptions**

Credit on Entrance: The grade of CR indicates that the student may take a higher-level course for which the MATH 003 is a prerequisite. No course credit is granted for a CR.

A grade of SU indicates that a credit/exemption/placement has been SUPERSED by another one of higher value. So a score for SPAN 003 (likely a placement) granted because of High School language study has been superseded by the AP test score.

**Credit on entrance grade code definitions:**

- **CR**: Credit on entrance; carries no course credit, and does not count towards graduation requirements. Serves as a prerequisite for higher-level courses.
- **EX**: Exemption; carries no course credit, and serves as a prerequisite for higher-level courses.
- **PLC**: Placement; a grade of PLC indicates that this is the course(s) a department/program suggests a student may take.
- **SU**: Superseded; indicates a credit/exemption where another test score grants the student more credit on entrance or placement.

**PLACEMENT**: The student receives credit for MATH 008 and is PLACED into MATH 011. Placement is a suggestion to take this course.

**The student is Exempt from SPAN 003, and may take higher-level courses for which SPAN 003 is a prerequisite.**

Please note: all test scores recorded are processed nightly, so a score received or entered one day will not appear in the DartWorks Degree Audit until the following day.
