

UNITED IS THE WAY FORWARD

UNITED is Responding In A Crisis.

During the COVID-19 pandemic Granite United Way and its network of agencies served as a community support, including:

- **\$4 Million distributed** to individuals, families, and small businesses to help mitigate the impact of the pandemic on our local communities
- **800,000+ vaccinated** in partnership with State of New Hampshire, National Guard, Public Health Networks and Providers
- **9,000 students received support** to help them learn remotely and promote their mental well-being while in isolation

UNITED is Supporting Our Childcare Sector.

A strong, stable network of high-quality childcare providers is a key strategy in creating successful workplaces, where employees can head off to work each day knowing their children are safe and thriving. In partnership with the Couch Foundation, we're supporting the childcare sector by directly serving childcare workers through the Work United initiative and piloting a new program, Getting Ahead in the Workplace. These supports are designed to help participants better understand their personal resources and create a positive future story for themselves. With their stability comes quality, reliable childcare, and the improved stability of the whole community.

**INVEST IN YOUR COMMUNITY TODAY.
GIVE. ADVOCATE. VOLUNTEER. LIVE UNITED.**
