Advancement Division  
FY19-20 Diversity and Inclusion Plan

I. Department Overview

The mission of the Advancement Division is to engage alumni, parents, and other constituents in the life of the College; maximize support for Dartmouth’s priorities; and promote the work of faculty, staff, students, and alumni to fulfill the College’s mission.

Diversity and inclusion are core to this work, and it is incumbent upon us to strive to hire and retain staff who represent our increasingly diverse constituency groups, offer programming to meet the diverse needs and interests of our alumni and donors, ensure communications are inclusive of all audiences, and sustain an organizational culture that is socially just through ongoing education, practice, and accountability.

As we look ahead to the next five years, we have established broad goals for the Advancement Division which include:

- Becoming an employer of choice for the best colleagues, all of whom represent a diversity of talent and experience
- Sustaining a work environment that is free from oppressive behaviors and discrimination against any person based on race, color, religion, sex, gender identity or expression, pregnancy, age, sexual orientation, marital or parental status, national origin, citizenship, disability, genetic information, military or veteran status, or any other legally protected status
- Exhibiting professional behavior that respects diversity and creates an atmosphere of inclusion, collegiality, civility, and mutual respect

II. Building and Managing a Culture of Inclusivity

To achieve our long-term diversity and inclusion goals, the division has identified annual objectives that align with the Action Plan for Inclusive Excellence set forth by Dartmouth College.
