Viewing the Billing Statement for Students and Parents/Other Payers

Last updated: June 8, 2018
Step 1: Click on the “View” button in the “Statements” section of the main page.

Or

Click on the link just below “Your latest eBill Statement.”

Or

Click on the “My Account” link in the grey bar and then click on “Statements” in the drop-down.

Hint: Always start by looking at the statement. You will see charges, credits, and pending financial aid. You will also see the amount you owe and the due date.
All paths lead you to this page where you will see the statement history (with a drop-down box), a summary of the contents of the most recent billing statement, and a listing of account activity since the last statement. In the example above, Velma’s “statement amount” and “current balance” are different because there was activity on her account after the statement was generated. The billing statement is snapshot in time. The current balance reflects all activity on the account.

Step 2: Be sure your browser’s pop-up blocker is disabled for this website. Then select a statement to view by using the drop-down menu and then click on the “View” button.
Success! Your statement will appear in another browser tab or window. Note the “Due Date” and “Amount Due” in the upper right corner.
