Inspired Editions: John Bunyan and His Illustrators

John Bunyan's *The Pilgrim's Progress*, first published in 1678, remained enormously popular for hundreds of years. Artists have responded to Bunyan's allegorical tale in a variety of ways, some focusing on the action of the story or the psychological state of Bunyan's protagonist, while others have completely reshaped the novel for different audiences. Recently book artist Angela Lorenz has created *Life, Life, Eternal Life: Uncle Wiggily Meets the Pilgrim's Progress*, a linear board game based on Bunyan's classic.

The exhibition was curated by Patti Houghton and Jay Satterfield and will be on display in the Class of 1965 Galleries in Rauner Special Collections Library from August 3 to September 30, 2007.
