Welcome New Students!

We are so excited for you to join the Dartmouth community! The Office of Student Life and many other campus departments are here to help you and support you as you transition to Dartmouth.

Take some time to familiarize yourself with the schedule and be sure to attend all required events.

During New Student Orientation, you will have an opportunity to select fall term courses, connect with faculty, students, and staff; and explore the variety of ways you can become involved on campus. Additionally—and with equal importance—we expect that you will learn about your rights and responsibilities as a member of the Dartmouth community. A simple introduction to those rights and responsibilities is this: you have the right to learn, grow, and experiment here. You also have the responsibility to engage in those practices in a way that does not come at the cost of others.

We are looking forward to helping you navigate the first steps of your Dartmouth journey. Orientation is a key and exciting time: start to explore what helps you feel healthy, balanced, organized, and focused. Your wellbeing is a vital factor in your success at the College.

The start of June is not the end of Orientation. Please continue to stay engaged, especially with the First-Year Residential Experience (FYRE) program in residence halls and our Campus Connection program, designed to further help you connect with campus resources.

Remember to seek out perspectives, be curious about these around you, keep asking questions, and take care of yourself and each other.

We wish you all the best!

Eric L. Ramsey
Director of Student Life
