Emergency Preparedness at Dartmouth

Student's Guide

Family Emergency Plan

Family can be those you are related to, those you live with, or anyone else you care about.

- Have you discussed with your family what to do in case of an emergency?
- Do you know what kind of emergencies are likely to occur around Dartmouth? (ex: severe weather, power outages, flu outbreaks, etc.)
- Update your emergency contact information on Banner Student. It is located under Address/Contact Information on the Main Menu.
- Do your parents have the number of a college friend to contact in case of emergency?
- Ask an out-of-state friend to be your family contact. After a disaster it is often easier to call long distance. Other family members should call this person and tell them where they are.
- Pick two places for your family/living group to meet, one right outside of your home in case of a sudden emergency and one outside of your neighborhood.
- Discuss what to do in the event of evacuation. Plan how to take care of your pets.

Plan Now. Work Together. Be Ready.

NATIONAL PREPAREDNESS MONTH

Are You Prepared?

Build a Kit

- Keep water and non-perishable food in your room
- Have ready
 - * A flashlight (LED recommended) and extra batteries
 - * A First Aid kit
 - * Prescription medicines and extra glasses
- Keep copies of important documents like health insurance cards, your drivers license, birth certificates, etc. in one place

For a more detailed list of items go to:
<http://www.ready.gov/basic-disaster-supplies-kit>

Outdoor Notification System

Sounding the Outdoor Mass Notification System will only occur in an extreme emergency situation.

The system contains both sirens and voice speakers and is capable of providing a loud and immediate warning to the Dartmouth campus and surrounding communities in case of an emergency.

If the siren were to be activated in a real emergency, an audible message would give further instruction along with a request to “shelter in place”, which means stay inside on one’s current location.
