Your major/minor plan has been submitted to the Computer Science Department, but it won’t be approved by the CS department until you take the following action:

--- If you filed a CS plan for the first time, you must see Professor Prasad Jayanti during his open advising hours which, for Winter 2017, are 4.00 to 5.00pm on Mondays and on Fridays, in 224 Sudikoff.

--- If you have revised a previously approved plan, send an email to Professor Jayanti at prasad@cs.dartmouth.edu explaining what you changed and why, and requesting his approval. Alternatively, see him during his open advising hours which, for Fall 2016, are 4.00 to 5.00pm on Mondays and on Fridays, in 224 Sudikoff.

Please note that your major or minor is NOT yet declared or officially filed, and will remain undeclared/unapproved until you take the above action.

If have an issue please contact the Department Administrator Victoria Smith via email.

Website: You can find more information about the CS department at http://www.cs.dartmouth.edu/

Thank you for choosing the Computer Science program.
