Dear Student:

Welcome to the Earth Sciences Department!

Your major/minor plan has been submitted to the Earth Sciences Department and is pending approval. However, your major/minor is NOT declared or officially filed until the Earth Sciences undergraduate advisor approves it. Therefore the next step is to meet with the Earth Sciences undergraduate advisor, Leslie Sonder, to review your plan and seek approval. Please email Prof. Sonder at leslie.sonder@dartmouth.edu to set up a meeting time. If you do not receive a reply from her within a few days, it means she is travelling; in that case please contact the Earth Sciences office at Earth.Sciences@dartmouth.edu and they will help you to meet with an alternate advisor. All faculty in Earth Sciences advise students and you are welcome to consult any of them, but at the present time only Prof. Sonder is familiar with the online major declaration process.

For more information on Earth Sciences and Environmental Earth Sciences majors and minors, please visit our website at www.dartmouth.edu/~earthsci/undergrad.html
