Your major/minor plan has been received by the Engineering Sciences Department and is pending approval. Once your plan is approved, it will be sent on to the Dartmouth Registrar.

Should you have any questions at all regarding how to satisfy the major, or questions regarding courses, careers, etc., we HIGHLY encourage you to develop a relationship with an engineering faculty advisor. All too often we hear at the end of one’s senior year that they wished they had taken better advantage of the resources and opportunities available to them.

**Please, be sure to make the most of your time here at Dartmouth.**

Do note if you change the courses used to satisfy your major, you must update your major declaration to accurately reflect your current plan.
