Dear Student:

Thank you for submitting your major/minor to the Environmental Studies Program! It is now pending approval. Your major/minor is NOT yet declared or officially filed. You must finish the steps below to have it become official.

The next step is to meet with an advisor to review your plan and seek approval. Our Program Administrator, Kim Wind will be contacting you soon via email with your advisor assignment and further instructions. If you have not heard from us within 3-5 business days please feel free to contact Kim at Kim.Wind@Dartmouth.Edu or stop by her office in 112 Steele Hall.

Once you have been assigned an advisor, please contact him/her to set up a meeting time to review your plan. If you have already been working with an advisor or have someone particular in mind, please let Kim know and she will assign that advisor to you.

ENVS Major/Minor Advisors

- **Doug Bolger**, ecology, biology and conservation
- **Rich Howarth**, economics, policy, law, politics, ethics, governance, sustainable development
- **Anne Kapuscinski**, sustainability, agriculture and aquaculture, marine conservation, environmental policy (for Kapuscinski office hours go to [http://www.dartmouth.edu/~envs/undergrad/](http://www.dartmouth.edu/~envs/undergrad/))
- **Chris Sneddon**, water resources, international development, environmental politics, environmental conflict, resource geopolitics, and social theory and the environment

**Please note:** Be sure to complete and bring a major or minor worksheet with you to your meeting with your advisor. Majors also need to write an elective focus paragraph to be approved. At your meeting with your advisor, be sure to ask any questions you have about writing this paragraph, or bring a draft with you. You can find the worksheets and other information on our website at [http://www.dartmouth.edu/~envs/undergrad/](http://www.dartmouth.edu/~envs/undergrad/) or in the Environmental Studies Office in 113 Steele Hall.

Any questions – please contact Kim Wind at Kim.Wind@Dartmouth.Edu or 112 Steele Hall.

Thank you.

-The Environmental Studies Program
